Capitol Comment

By Charles McC Mathias
U.S. Senator

Helping Maryland's Problem Drinkers

Maryland will receive at least $100,000 in new federal funds to help control alcoholism under terms of legislation recently signed by the President that I cosponsored in the Senate.

The money is in the form of an incentive grant that the State Health Department will receive because the General Assembly adopted legislation that requires alcoholism to be treated as an illness, not a crime. Treatment becomes a function of public health and social service agencies, not the criminal justice system.

We can be grateful that we finally are leaving the period during which a large segment of our society equated alcoholism and alcohol abuse with moral degeneration and sinful behavior. The President's signing of the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act Amendments of 1971 is a giant step forward in the continued national recognition that alcoholism is an illness with a potential for prevention, control and recovery.

But alcohol abuse and alcoholism—a tragedy that exacts such a dreadful price from our society — can't be controlled by money alone.

The problem requires the active cooperation of those who want to help with those who need the help. Doctors, nurses, the clergy, social workers, and citizens across the state must join forces to help identify, reeducate, treat and rehabilitate the problem drinker.

And, of course, the therapeutic approach cannot work without the cooperation of the victims of this illness. Marylanders who have problems with alcohol must confront their problems, with their families, so that they can avail themselves of the assistance that the state stands ready to give.

We in Maryland have the necessary tools to deal effectively with alcohol abuse. We have official support from the federal and state governments. To go forward now will require widespread support from the public-at-large. We have mustered the means to control the problem. Now we need the public will.

Your views on the subject of this week's column are solicited. Please write me at 360 Russell Senate Office Building, Washington, D.C. 20510.

Grant Received For Family Aide Program

Senators J. Glenn Beall, Jr. and Charles McC. Mathias announced that the Allegany County Board of Education has received $24,087 in federal funds for in-service training technicians for the Family Aide program serving Appalachian Maryland.

The two Maryland senators explained the grant from the Appalachian Regional Commission will cover costs for six months and enable project directors to hire six in-service training technicians and three family aide clerks to provide support for family aides working in Allegany, Washington and Garrett counties.

The award will be supplemented by $8,267 from local sources for a total project cost of $32,354.

Band Boosters Hear Reports Of Activities

Members of the Southern High Band Boosters heard annual reports at a recent meeting.

The senior band performed on fourteen occasions and traveled approximately 2,200 miles.

A cost of about $4,000 for travel expenses, $2,500 for purchase of instruments, and $2,300 for replacement of uniforms made this year's expenditures exceed $9,000 to the Band Booster organization. The instrument inventory showed 57 instruments in good condition, valued at $14,891.

The Uniform Savings account reached its budget goal for the current year. The proposed budget for 1974-75, will be in excess of $6,000, excluding the Macy's Thanksgiving Day parade in New York City. This will be financed as a separate project.

Numerous fund raising events are being planned to raise the necessary funds for the approved budget as well as the Macy trip. First event will be a chicken barbecue July 6-7, at Deep Creek Lake. A committee was appointed by the president, Mrs. Ramona Wotring, to rent a booth at the county fair to further publicize the need for funds for the Macy trip. Committees will report at the next meeting on July 2.

Mrs. Wotring said that any person interested in supporting the Southern High bands may become a member of the Band Booster organization.

WOULD YOU . . .

sell your home for the face volue of your homeowners policy? If the answer is no, your home may be underinsured.

Are you playing with fire? A recent survey shows more than half of the U. S. single-family homes lack adequate insurance. The most common reason for this is the impact of inflation on construction costs.
Homes bought no more than five years ago are likely to be underinsured. The median price of a home during that period has increased to $26,000 from $19,350.
WHAT TO DO: Find out what it would cost to rebuild your home. Contractors are estimating $22 per squore foot to build a standard home in this area today.

The 80% rule: It's important to know that in order to be assured of full payment for any partiol damage to your home, you must have it insured for at least 80% of its full replacement value.

EXAMPLE: If your $30,000 home is insured for $24,000 or more, and a fire does $2,000 damage to your basement, you will receive the entire $2,000, minus the $50 or $100 deductible. However —

If your home is insured for less than $24,000, you receive only a percentoge of the $2,000, depending on how much the basement has depreciated in value prior to the fire.

WHAT TO DO: Shop for the best deal. Why? Rates vary from company to company. It's up to you to come up with the best price, check out the different homeowners policies available and see BEALL, GARNER AND GEARE.

Thomas E. Doyle

REPUBLICAN CANDIDATE FOR

County Commissioner

Announces . . .

the appointment of ELWOOD L. GROVES, JR. as campaign chairman of "Young Americans for Doyle." It gives me a very real pleasure to make this announcement. Larry will be heading one of the most important portions of this campaign.

This young man is one of the most articulate high school graduates (this year) in our county, as well as one who is very highly informed about local, state and national government. He has been featured on radio just this year and is highly respected by his fellow students and those who know him.

It is my sincere hope that Larry Groves will continue in politics and through his efforts we will all benefit, because he has integrity, ability and stability. It is my hope that many of his classmates will become involved with local and national government, especially local government where we can do something about it if we don't like it.

This is a good time for all interested persons to get involved. Don't let someone else do it. If you are not registered to vote then you are saying "I don't care how my government is run." Register and vote in all elections. This is how you change government. If you don't vote, then you cannot complain. One vote is very important! Use yours!

Speak to those you know and get them to register.

This is a good time to get involved in the Doyle for Commissioner campaign. There will be Democrats for Doyle, Businessmen for Doyle, Farmers for Doyle, Young Americans for Doyle and the list will go on.

Bumper stickers go on about July 15th. If you can, put them on that day.

The Back Step

Today we observed the beautiful capers of late spring in farm wives' cultivated beds and at new residences, and the more subtle show of fields and forests with multiflora rose and new laurel. On the little narrow country roads were the captivating scenes — purple-white iris, rhododendron as tall as the porch, roses as they went cascading over the side of a nearby spruce, giving a contrast of flame and green before they spilled into the road. And so to home, where record height pink peonies rejoiced and the red roses did spill out to the roadside! — but we had been too busy working to notice them.

"Busy, busy, busy," an American expression, which somehow can be a condemnation. It must be supplanted by just such a festive jaunt, giving us the exhilaration in being alive to see the natural things which make our lives something besides care, concrete, and numbers.

A passage in Marjorie Kinnan Rawlings' little known work, **The Sojourner**, agrees with this "no time" scheme which keeps us constantly remembering to push and get the task done. The father had wanted his son to hear the Irishman's version of the Christmas story as only he could tell it, but the Yuletide cooking and country feasting, as well as the opening of presents, prevented it. The book says, "The moment had never come to ask McCarthy for the telling of the Christmas story." In the margin my friendly reader had penciled, "Always no time it seems. Should stop and make time."

Now, that is the use of a back step, to stop and make time, for although mine overlooks a garden where weeds and crops have a daily joust for obliterating each other, there is not too much here to bother me being undone. Lifting one's eyes to a blue arc above and grain fields beyond, to a cardinal hunting a corn grain, or the holly berries forming yellow, one does not have to enumerate upon his fingers the inglorious tasks awaiting him in the care of the earth. For once, it is all his, to just enjoy.

In Finzel we had a back porch overlooking the town. For the evenings it was cool and quiet living to sit there finding all of the new things done since yesterday. Away, away, over the hills the evergreens sent out signals, and sugar maples pushed out undaunted until the fall show arrived. It was easy to see if autos ran fast, to hear if children cried, and to smell a bonfire. The oldsters fired some small chips of wood for a column of smoke to keep away insects, and one of them smoked his pipe, while a lady ate a slice of cucumber or cantaloupe, and a child had a salt shaker with a raw Irish potato. Talking was hardly necessary — the looking was so different from poring over mental puzzles or holding one's aching legs or back. Dusk fell, but no one was busy.

Thoreau, as always, reaches the epitome in expression for people who take another view of creation. He says: "It is not enough to be busy, so are the ants. The question is: What are we busy about?"

So for the next half hour, I shall be sitting, where no one can see me to misunderstand and mourn my laziness, on the back step. And as I scramble to sit, without a chair, I shall agree with Christopher Morley: "There's only one success — to be able to spend your life in your own way."

One Is Injured In Hutton Road Wreck

An accident on the Hutton road just west of Crellin caused injury to one person last Saturday. Other weekend mishaps caused vehicle damage but no apparent personal injuries. Some involved broken tree limbs, one a deer.

Clyde C. Moats, Corinth, W. Va., was injured but refused treatment at the scene of the accident on the Hutton road late last Saturday night.

Alan H. Butler, Terra Alta, W. Va., in a pick-up, was driving east when he noticed an oncoming car driven by Moats on the wrong, or eastbound, side of the road. Butler went to the left, westbound lane, to avoid the Moats car but at that time Moats cut back to the westbound lane and collided with Butler truck.

Tfc. G. D. Broadwater charged Moats on two counts: driving under the influence of alcohol and operating when license was revoked.

A one-car mishap on the Rock Lodge road near the State Park road last Saturday afternoon was apparently caused by a falling tree limb.

Addie J. McCarty, Washington, D. C., was traveling north on the Rock Lodge road and noticed a limb fall from a tree into her path. In an attempt to avoid the limb, her car went out of control, off the right side of the road and hit a tree.

A late Saturday afternoon mishap in Grantsville occurred when a tractor-trailer broke off a tree limb causing damage to a TV cable and a State Highway sign.

Thomas L. Frauens, Finleyville, Pa., was driving his rig east on U.S. Route 40 and moved to the left curb to park when the trailer struck the tree limb. Trooper David Miller made no charges.

An accident on the Mosser road about a mile east of Bumble Bee Road just before noon last Wednesday occurred when a deer ran in front of a car.

Donald M. Bittinger, Salisbury, Md., was traveling east on Mosser Road when a deer ran into the left side of his car. He attempted to avoid the accident by applying his brakes. Trooper J. E. Foley made no charges.

A recent accident on the Mattingly Hill Road, Md. Route 42, totalling one car, was due to a hit-and-run driver.

Gary F. Lohr, RD 1, Friendsville was driving south on Rt. 42 when an unknown vehicle, following, tried to pass him. The unknown vehicle hit the left front of the Lohr car with its right rear. This caused Lohr to lose control of his car which ran off the southbound shoulder, cross the roadway, strike a small sign and completely overturned, coming to rest upright on its wheels. The unknown vehicle continued on. Trooper Dale K. Williams made no charges.

When the jelly disappeared from the refrigerator, when a baseball shattered the window, when Mother discovered the stray cat sleeping in her washbasket . . . like a magnetic needle the accusing finger of my parents pointed toward me.

It's a crushing experience to get caught. But it can teach us a vital lesson. We soon discover a sense of responsibility and learn our obligation to others. Our true identity emerges.

The Church stands ready to help us learn responsibility. Through religious education youth today can still discover personal identity—while gaining a responsible view of man's obligations to God and to society.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

COME BACK HOME!

Lesson for June 16, 1974

Background Scripture: 1 Thessalonians 4 through 5.

A number of years ago while our family was vacationing in Maine and Nova Scotia, a popular song played repeatedly on the car radio caught our attention. It was called "Come Back Home" and was sung by popular vocalist Bobby Goldsboro.

Rev. Althouse

It was only after I heard it a few times that I realized its religious significance and recognized that the anonymous person to whom the plea was addressed was Jesus Christ. The song was a compelling plea for Jesus to "come back home" because the world is in bad shape and only Christ can save it.

When and how?

The return of Jesus Christ has always been one of the teachings of the Christian churches. Although they may vary in their sense of urgency, most Christian groups agree that Christ will "come again." Where they are not in agreement, however, and seriously at that, is on the questions of "When?" and "How?"

Most standard brand denominations regard the return of Christ as a cardinal focus of the Christian hope, yet say little about it and seem to regard it as so far in the future that it is not a very timely question or consideration. Other Christian groups speak of the Second Coming as immanent and there are many who believe that our world is in its "last days."

Why all of this confusion?

For one thing, the Bible itself gives us no clear-cut answer. For some Biblical writers, like Paul, the Second Coming is Christ's coming in glory when those in Christ, both living and dead, will be caught up with Christ into the heavens. In the Gospel of John, however, the Second Coming seems to be equated with the coming of the Spirit of the Risen Christ in the believer's heart (John 14:18-20.) In the Gospel of Luke, furthermore, life after death seems to be the immediate entrance into Paradise (23:43).

"You have no need . . ."

The Bible seems not to want to give us precise data about the time and manner of Christ's Second Coming. In fact, this confusion may be purposive for Paul himself says: "But as to the times and the seasons, brethren, you have no need to have anything written to you" (1 Thessalonians 5:1) and Jesus himself had counseled this: "But of that day or that hour no one knows, not even the angels in heaven, nor the Son, but only the Father" (Mark 13:32). Note: not even "the Son"!

Then what?

Paul's advice is similar to that of Jesus. The Lord had said: "Watch therefore . . . lest he come suddenly and find you asleep" (Mark 13:35, 36). And Paul: "So then let us not sleep . . . but let us keep awake and be sober" (1 Thessalonians 5:6).

Our ignorance of the time and the manner of his coming does not release us from the responsibility of vigilant, faithful discipleship.

Harrison-Wilhelm Nuptials Held

Solemnized at the St. Joan of Arc Catholic church, on May 25 was the marriage by nuptial mass of Bernice Carla Wilhelm, daughter of Mr. and Mrs. William D. Wilhelm, Sr., of Aberdeen, to Captain James Bruce Harrison, son of Mr. and Mrs. Sanford L. Harrison, of Silver Spring.

Prior to exchange of vows the organist, Monte Coleman and soloist LTC George F. Griffin presented prenuptial music. During communion LTC Griffin sang "Ave Maria."

The double ring ceremony by Rev. Francis P. Wagner and Glen Epping, was performed at noon before an arrangement of baskets of white snapdragons, iris and carnations.

Escorted to the altar by her father the bride was attired in a floor length empire-waist with Mandarin collar gown of Lutsnag crepe with two layers of chiffon overskirts. The chiffon bodice and neckline were accented with handsewn Mencon lace with seed pearls and sequins. The chiffon sleeves were gathered at the wrist and fell to her fingertips in a long, wide ruffle. Her gown was fashioned with a short train and full skirt with fitted bodice. The long veil fell from a petal-clustered chiffon headpiece with seed pearls and sequins to match the dress.

Her jewelry included a cameo pin, which had been worn by her grandmother and mother, borrowed earrings from one of the bridesmaids and a Turkish wedding ring given to her by the groom. She carried a full cascading bouquet of white miniature carnations, roses, stephanotis and baby's breath.

Matron of honor, Mrs. Carol Reese, Tulsa, Okla., was attired in a floor length gown of pastel green crepe, fashioned with a mandarin collar and empire waist which was sleeveless. The dress was accented with a detachable chiffon cape of coral print. The outfit was completed by a large picture hat trimmed with a net streamer which hung to the waist. She carried a basket of miniature carnations, pink sweetheart roses snowdrift pom poms and baby's breath.

Serving as best man for his brother was Richard Harrison, Princeton N. J. Bridesmaids were Mrs. Donna Hudgins, escorted by her husband, Lt. Lawrence Hudgins, Denver Col.; Mrs. Sherry Smith escorted by W. David Wilhelm Jr., brother of the bride, and Miss Christy Peltier escorted by Lt. Claude LaRoache, Fort Meade.

Bridesmaids were featured in gowns of pastel yellow crepe with large picture hats identical to that of the matron of honor. All bridal attendants were adorned with white wrist length gloves and carried baskets of flowers with colors accenting their capes.

Miss Teresa Buckholtz, flower girl was escorted by her brother Christopher as ring bearer. She wore a full length gown of yellow print chiffon.

Mother of the bride wore a floor length Princess style gown of orchid satin with chiffon sleeves and chiffon overskirt with matching accessories. Her corsage was of white miniature carnations, stephanotis, white roses and baby's breath with orchid ribbon.

Mother of the groom wore a floor length gown of Princess line of flowing aqua chiffon and matching accessories. Her corsage was of white miniature carnations, stephanotis, white roses and baby's breath with an aqua ribbon to match.

Immediately following the ceremony a buffet dinner was served and a dance held at the church hall. At the guest book was Mrs. Jean Buckholtz. The four tiered cake was made by Mrs. Noble Hinckle. Ladies of the church catered and decorated the hall in green and yellow.

The bride is a 1969 graduate of John Carroll School, Bel Air and of Montgomery college Takoma Park. She is presently employed by Dr. V. T. Hart as a dental assistant in Bel Air.

The groom is a 1961 graduate of Wheaton High School and Stetson university, Deland, Fla. He attended school in Brussels, Belgium, prior to entering the U.S. army. He returned from a one-year tour of duty in Turkey May 8 of this year. He is presently assigned to the army Proving Ground at Aberdeen.

Two miscellaneous showers were given, one by her aunt and cousin, Mrs. George Stanya and Mrs. James Shank, in Oakland; and one by Miss Christy Peltier, a bridesmaid.

Out of town guests attending were from New York, Pennsylvania, Ohio, West Virginia New Jersey, Colorado, Oklahoma, Virginia and Western Maryland.

Following a wedding trip to the Poconos, the couple will reside in Aberdeen.

Maternal grandparents of the bride are Mrs. Jennie DelSignore, Oakland; and Mr. and Mrs. Claude F. Wilhelm, Aurora, W. Va.

Oakland Wins One, Loses One Sunday

Hyndman and Oakland split the double header games played Sunday in the Pen-Mar baseball league at Hyndman. Hyndman defeated Oakland in the first game 2 to 1 before dropping the nightcap 6 to 4. Hyndman scored twice in the first inning of the opener and then held on behind Mike Keel's three hitter; Craig Bosley's two-run double carried Oakland to victory in the second game.

Keel struck out ten batters and didn't walk anyone in the first game, beating Paul Lewis who also went the distance on the mound for Oakland. Lewis yielded four hits.

Wilt singled three times to pace Oakland's assault in the nightcap as Lewis got the win over Von Lehman although pitching only four innings. He was relieved by Ernie Shotwell who was hit by a line drive and was replaced by Bob Finch.

Charley Shahan and Craig Bosley had two hits each for Oakland. Chris Scripp also had three hits and Bob Finch had 2.

In the doubleheader on Saturday at Keyser Oakland lost both games 10 to 4 and 12 to 6.

Keyser had 24 hits and scored 22 runs.

Keyser now leads the league with a 4-0 rating. Hyndman is second. Everett third, Cumberland 4th, Oakland 5th and Mt. Savage sixth.

This Sunday Oakland will play at Mt. Savage in a make-up game that was scheduled for May 19.

Column For Homemakers

By Mrs. Freda Denison Extension Agent

It is picnic time again and with all being conscious of the fuel situation this year I am sure you'll be having more family picnics or barbecues and near to home base. If you have not already done so, why not pack a kit with all your picnic items such as plates, cups, napkins, flatware, garbage bags, a roll of paper towels, first-aid kit and premoistened towelettes so that the last minute you will not be searching for them.

For that picnic or barbecue, precautions need to be taken in packing and transporting the food.

Keep perishable foods below 40°F. in an ice chest, or as cold as possible in a cooler, and eat them as soon as posible. Remember that food with mayonnaise, cooked meats and poultary spoil easily. Do not take along unless you have proper refrigeration.

Freeze sandwiches and hamburger patties ahead, then transport them in a cooler or insulated bag. They will thaw on the way.

Let frozen foods chill perishables by placing the frozen foods in a cluster in center of your cooler. Put the most perishables foods around the frozen ones. The least perishables items can go on top or in the corners.

Carry picnic bags inside the car, not in the trunk, on hot days. Once you are at the picnic site, keep food in a shady spot.

Pre-chill or pre-warm vacuum bottles or insulated jugs for maximum efficiency.

Pick up refuse before going home, so the next family can enjoy the spot as much as you did.

Farmers Urged To Keep Lookout For Cereal Leaf Beetle

The cereal ltaf beetle which was first spotted in Allegany county in 1969, is back in that county, but hasn't yet been observed in Garrett county, according to James Mellenry, county agent.

However, Mr. Mellenry cautioned farmers to keep a sharp lookout. Farmers who have oats, wheat, barley or rye should check their fields immediately for presence of the beetle. Larvae of this insect have been found in a number of Allegany county grain fields.

Farmers are advised to look for small black blobs shaped somewhat like a potato bug sticking to the leaves. This is the larvae form, which like the alfalfa weevil, skeletonizes the leaf. Infestations range from light to heavy. Heavily damaged oat fields may look like a frost hit the top portion of the leaves. This insect can destroy a grain crop but it was pointed out it can be controlled with malathion. Farmers should use the insecticide at the rate of 1 to 1.25 pounds of actual material per acre.

The federal quarantine of cereal leaf beetle in Garrett and Allegany counties was effective July 28, 1969. The quarantine was lifted in April because there had been significant damage and movements of the beetles are too rapid to control it by quarantine.

Called one of the world's major destroyers of small grains the cereal leaf beetle was first found in the United States in Michigan in 1962.

American Freedom and Christian Responsibility

By Rev. W. H. Leake, Deer Park, Md.

For the past several weeks, we have dealt in many different ways with the subjects implied by the title of this article. We want to thank those who have written, called, and those who have stopped us at different times and places to comment on same.

Today we would like to give you, our readers, an invitation to visit our church in Deer Park. You will find that we teach and preach the Bible. We teach love for God and Country, also respect for Law and Order. We love God, His Son Jesus, His Word and also love and appreciate the ministry of the Holy Spirit. We love our Country, its flag, and its Constitution. We believe Patriotism is still right and good; we believe every Christian ought to be a patriot and every Patriot ought to be a Christian.

This Sunday we will have as a guest speaker for the 10:45 a.m. and 7:00 p.m. services, Rev. and Mrs. Jim Nicholls. Bro. Nicholls lost his radio station KAYE in Puyallup, Washington through the FCC's so called FAIRNESS Doctrine. He is presently Executive Director of FREEDOM DEFENSE COUNCIL in Washington, D. C. You owe it to yourself to hear this highly informed and dedicated Christian Patriot.

Our schedule of services is Sunday School — 9:45, Morning Worship — 10:45, Sunday Evening — 7:00, Wednesday Morning Ladies' Prayer Meeting — 10:00, Wednesday Evening Bible Study and Choir Practice — 7:00, and RADIO PROGRAM SUNDAY NOON HOUR — 12:15 through 12:45. VOLUME 98 | OAKLAND, GARRETT COUNTY, MD. JUNE 20, 1974 | PER COPY 15c | NUMBER 16

Give Away Freedom...

For forty years Americans have been gradually giving away their freedom through one congressional action after another, usually with the belief they were getting aid from Uncle Sam, without realizing Uncle Sam has no aid to give, except he first taxes the money away from the people, and usually including the very ones being "aided." This we are told by Dr. George S. Benson, president of the National Education program, of Searcy, Ark. We are inclined to agree with this statement and also the following information he gives.

"Can any farmer in America today really say he is free to operate his farm as he believes best? Can any businessman say he is free to operate his business according to his own wisdom?

"Under the guise of 'helping' and 'protecting' the American farmer and businessman, the alphabet has been exhausted by agencies and commissions of the federal government. Net result is that in America today the businessman does not control his business, and the farmer does not control his farm. Uncle Sam does. There are laws which can put a farmer or businessman out of business and in jail if he doesn't toe the line. Many of these laws are left to the discretion of bureaucrats with only vague guidelines established by Congress and with limited experience in the fields they are controlling.

A current land-use plan would increase federal management over lives of Americans by taking control of any desired parcels of private and state property and giving that control to Washington. A House committee voted 9 to 4 to postpone indefinitely, consideration of the bill, but the danger continues.

With control over private land, a regulated and controlled society could be forced upon the American people. We dare not let this happen.

SOMEBODY CARES — Another load of crushed cars is shown leaving Oakland to be shredded in Canton, Ohio. This load and several like it was crushed by Delmar Dennis of Uniontown for Ronald Dilley, near Crellin. It is estimated that some 500 junkers have disappeared from the Garrett County landscape in recent weeks, and several hundred more are scheduled for crushing soon. Some area junk dealers are now offering free pickup of old cars. An ad to that effect appears in this week's issue. It is heartening to know that so many people care about their environment.

Youth Groups Are Permitted Free Entrance To Parks

Members of organized youth groups may have free admittance to Maryland's forests and parks, if they first obtain and fill out an application required by the Maryland Park Service

This little-publicized facet of the Park Service was brought out this week by Mrs. Earl Opel, Long Stretch, who has written to the Service requesting such forms. Anyone interested may contact either Mrs. Opel, Long Stretch Market, or the Maryland Park Service, Tawes State Office Building, Annapolis.

Free admittance is for organized groups, such as church groups or Scouts, who are under 17 years of age. There should be an adult for every ten youngsters present.

Commissioners Still On Budgets, Other Problems

County Commissioners met with Dr. William Pope, county health officer, Monday to discuss supplemental budgets. These budgets include mental health, drug abuse, alcoholism services, Early and Periodic Screening and Geriatric Evaluation service, which are funded one hundred percent by state or federal grants

Sitting as the Health Board the commissioners reviewed all health department budgets. They also adopted the county budget and prepared it for publication next week. The county budget is increased over one million dollars from last year.

Commissioners also met with Joseph Anastasi, deputy secretary, Department of Economic and Community Development, along with other persons from that office, John Nelson, division of tourism; William Poti and Michael Kilpatrick, at the Wisp along with businessmen. They discussed a development proposal under direction of Col. J. Haig Jackson, director of Economic Development here.

Local government officials participate in development proposals insofar as it affects roadways and public utilities and other services that are provided with public money.

Commissioners also attended public hearing of the State Highway administration concerning the Deep Creek Lake bridge and alignment of route 42 on Elder Hill, on Tuesday.

The commissioners also will attend the Tri-County Council for Western Maryland meeting, set for Cumberland Wednesday, June 26. The meeting will concern the operating plan for next year. Edward I. Heath is executive director of the council.

Commissioners also will meet with the Comprehensive Employment Training Act committee to determine how Department of Labor funds will be spent for programs in the county. This act will replace present programs conducted by the School Board, Community Action committee, Health department and other county agencies.

C & P Directories Will Be Mailed Monday, June 24

More than 11,000 pictures of the Baltimore Oriole are being delivered in Garrett County starting Monday, via the covers of the 1974 C & P Telephone Directory.

The new book provides callers with almost 11,000 phone numbers, about 3,000 more than in last year's book. The new book also provides a place for making a "miniature directory" of frequently called business and personal telephone numbers on page one.

The new directory has several changes with which callers should become familiar, including new telephone numbers for the rescue squad and for the fire department in some communities; revised instructions for calling from a party line, an updated area code map, and changes in information for mobile and overseas calls; listing of phone numbers for Forest Wardens in the alphabetical section under "Forest Fires."

Frank H. Eberly, Jr., manager here tor C & P observes that the new telephone directory certainly reflects the growth in our area, and suggests that when you need a telephone number or some information about your service, the phone directory often contains a surprising amount of help.

The directory cover picture was painted by Ray Harm, a naturalist and artist who paints wildlife from direct observation. A "modern day Audubon," Harm has sparked new interest in this type of art. The painting of a mother and father Oriole feeding their young will appear on the cover of all Maryland directories issued by C & P throughout the year.

This is the first time the same picture has been used throughout the state. Garrett, Allegany and Washington counties had been responsible in alternate years for the covers of their directories.

visory. A fee schedule is to be established later in the year in family planning clinics. Fees also are to be charged for continuing treatment after initial evaluation in the mental health, youth counseling and alcoholism programs. These fees will be: psychiatrist visit, $6, psychologist or social worker visit, $3. Visits with the counselors will continue to be at no charge, Dr. Pope pointed out.

Initial evaluation by all mental health staff will be at no charge and a discount will be available for those requiring continued treatment but unable to pay the full mental health fees. The fee for out of state residents for all services will be twice that of the above fees cited for Maryland residents. No fees will be charged to persons who have a valid Maryland medical assistance card.

The fee scheduled has been started in order to generate a small portion of the cost of provision of direct clinical services, and to permit patients utilizing these services to contribute to defraying these costs, Dr. Pope concluded.

Summer Begins Friday Afternoon

The Weather for the past week has been cool and rather wet. There has been some rain every day but two. Lightning and thunder accompanied some of the showers. Yesterday and this morning was more like Summer which begins tomorrow. Hail was noted during the Sunday evening storm.

Some rain fell every day but last Friday and Tuesday. The wettest was Sunday with .68 inches. Tuesday's morning fog gave way to clear skies which didn't last too long. Last evening's showers dropped about a quarter inch of rain. Precipitation was about a tenth inch above normal.

Temperature-wise the week was 5.6 degrees below normal, with about the same for lows and highs. Highs averaged 72.8 with the highest being 77 yesterday. Lows averaged 45.8 with the lowest being 39 degrees Tuesday. Last Thursday's lows were 38 degrees at Oakland and 36 at Accident with some scattered frost in spots.

Light to moderate breezes were noted Saturday and Tuesday.

Summer begins tomorrow at 1:38 p.m. At that time the sun is at furthest point of travel north and we have the longest day of the year. The day is 15 hours and 37 minutes long. Days will now become shorter until the first day of Winter.

American Freedom and Christian Responsibility

By Rev. W. H. Leake, Deer Park, Md.

The Former Land of The Free

Tom Anderson, editor of Farm and Ranch Magazine, spoke to the National Defense Committee Luncheon of the Daughters of the American Revolution on April 20. THE FOLLOWING EXCERPT IS WORTH OUR PRAYERFUL ATTENTION.

"With Marxism taking the world, our leaders don't even mention the Communist menace but talk of 'building bridges of friendship.' ... They play like it doesn't exist. Communism is the scourge of the world and you never hear it mentioned by our leaders ...

"Typical Americans today eat breakfast over their white tablecloths and pink newspapers and end the day propped up before their boob tube which slyly undermines every form of religion, patriotism, decency, and self-reliance.

"The world watches America, and America watches TV — America, the former land of the free and home of the brave, now the land of the criminal and the home of the scared; America, a land in which workers get paid for not working, preachers get paid for not believing, teachers get paid for anarchy; Mothers get paid for not marrying; farmers get paid for not farming; and promoters get paid for fertilizer tanks which ain't — America, where the only God recognized in the classroom is Santa Claus. A PEOPLE WHO LACK THE MORALITY TO STAND ON THEIR FEET AND SAY "NO" WILL SOMEDAY HAVE TO SAY "YES" ON THEIR KNEES. A people who won't take a stand deserve to take a fall."

REPRINTED FROM THE SAWDUST TRAIL.

REMEMBER: No one wins when Freedom fails, the best men rot in filthy jails, and those who cried, APPEASE, APPEASE, are hanged by those they tried to please.

Due to our church co-operating in the Tent Crusade with the Paul Secords, we will not have Sunday Evening or Wednesday Evening services at Deer Park Assembly until the Crusade is over. However, we will have Sunday School for all ages at 9:45 a.m. and Sunday Morning Worship at 10:45. COME AND TAKE A STAND WITH US FOR CHRIST AND COUNTRY!

Garrett County Medical Center Opens Tuesday

Dream Comes True As Doctors, Dentist Practice In Modern Building

Continued From Page One

off to the left, ten examining rooms, including two small operating rooms for minor surgery, such as treating cuts, lacerations, or cysts, four doctors' consulting rooms, laboratory, office spaces and patient bathrooms.

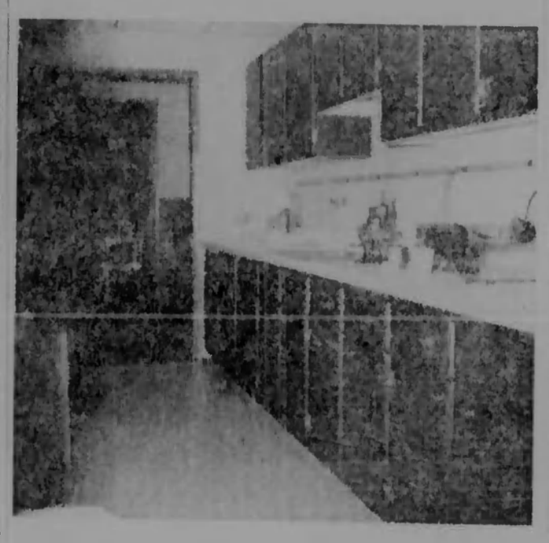
On the second floor there are eleven offices for members of the Garrett County Health Department around a core of central offices for secretaries and clerks. Dr. William Pope, county health officer and some office personnel have moved into the building. Some of the employes, including Miss Mary I. Love, psychological counselor, have been in their quarters since April. The remainder of the Health Department, including youth counseling and the Sanitation branch will move into their new offices in August.

Comfortable chairs, a water fountain, rest rooms, all help to ease the waiting for an appointment with a doctor at the medical center. This is the waiting room on the main floor, with a pediatric waiting room off to the side. There are also smaller waiting rooms upstairs, for the Health Department, and downstairs, for Dr. Warnick, the dentist.

Receptionist Kathy Schmidt and insurance clerk Dani Swartzentruber discuss business at the main floor reception desk with Mrs. Mabel Smouse.

The best view in the Medical Center is from this corner office on the second floor, claimed by Miss Mary I. Love, physological counselor for the Health Department. Miss Love has requested that no curtains be put up to block the view of mountains, trees and lake from her sight.

The doctor-patient consulting rooms, across the hall from the examining rooms, provide a private, comfortable atmosphere for both.



A walk-through laboratory on the main floor joins Dr. Johnson's quarters with the remainder of the rooms on the main floor. The modern laboratory is manned by the several personnel at the Center.

Health department nurses and clinics will remain in the hospital.

There is also space on the second floor for two professional office suites.

On the ground floor, Dr. John Warnick began his practice in his completed offices Tuesday. There are two operatories, one especially for surgery, a laboratory, darkroom, office, waiting room and space for a hygienist in this area. Mrs. Sharon Henn is his assistant. He also has a private entrance for his patients at the rear of the building.

The remainder of the ground floor is under construction but there will be space suitable for two more physicians or dentists when it is completed.

Parking for the patients is to the left of the building. Parking for doctors and other personnel is in the rear.

New furniture and equipment are scheduled for all rooms. Carpeting and paneling can be admired in nearly every room. Thoughtfulness for patient comfort is evident in the comfortable waiting room chairs and the children's room equipped with low tables and chairs, books, and toys.

Kevin Tephabock 12, was the first patient to be treated in the center. Employees on the main floor are Mrs. Mary Michael, R.N., Kathy Davis, Dani Swartzentruber, Ruth Foley, Rita Tephabock Kathy Schmidt, and Louise Upton.

Gets Service Award

Mr. and Mrs. Albert Smith and son James attended a Service Award Ceremony on June 14, in the governor's office in Baltimore.

Mr. Smith received a service award and certificate for completing forty-five years with the State Highway Administration.

A retirement dinner was given April 24 in his honor at the Deep Creek fire hall with family, employes and friends.

Metz Reunion Scheduled

The fourth annual reunion of the Howard Metz family will be held Sunday, July 7, at the Rennie Broadwater farm on the lower New Germany road. Friends and relatives are invited. A basket lunch will be served at noon, it was announced by Mrs. Beulah Rexrode, Jessup, president.

Principals Named In County Schools

At the regular meeting of the Board of Education on June 13 the members supported the recommendations of Dr. William H. Buser, county superintendent of schools, to transfer Clark A. Sharpless to the principalship of the Bennett Road Elementary School. He had been supervising principal of Kitzmiller and Bloomington schools.

Mrs. Dorothy Spaid was appointed a teaching principal at the Red House Elementary School and Miss Esther I. Miller was appointed principal at the Swan Meadow Elementary School. They had been teachers at their respective schools. Remaining leadership positions to be filled are now the Bloomington Kitzmiller, Lock Lynn, and Crellin Elementary Schools.

In other personnel action the Board accepted the following resignations and retirements: Resignations: Mrs. Joy Lane, Oak Street Kindergarten, Marsha Jones, Center Street; Mrs. Johnne Glotfelty, Friendsville, Tina Midgarden, Accident, Mrs. Carolyn Rutter, Center Street, and Miss Margaret Wise, Center Street. Retirement: Mrs. Cleda Clemmensen, Friendsville. The Board also approved Mikal B. McCollum, Mrs. Cindy B. Stanton, Sheila J. Ramsey, and Judith A. Barrett as teachers for the 1974-75 school year.

The Association for Public School Administrators and Supervisors of Garrett County was recognized as the exclusive representation for administrators and supervisors in the Garrett County Schools.

The Board of Education, following reports and discussion by Dr. Jerome Ryscavage and Albert Ringer, also adopted a Camp Hickory fee structure for use of Camp Hickory facilities by education groups other than the students in the Garrett County public schools. The program report of Camp Hickory indicated that 2,515 used the facilities of Camp Hickory in the past school year. The school board also adopted policy statements related to accountability goals in reading, mathematics, and writing. The board also reaffirmed through policy its desire to see special education as a priority goal for implementation in the Garrett County schools. Mr. Ringer reported that a Title III ESEA project budget has been submitted in the amount of $58,000 to assure the implementation of the special education priority.

Annual Campfire Saturday Initiates Summer Program

Dresser Of Sycamores

Centuries before Christ, the Jewish people showed their wisdom in a system of dual education. Each of their young men received an academic course in rudimentary subjects, but he also learned a trade which could make him a living if he were unable to practice a calling associated with classical knowledge. Thus a person could do metal work, weaving or ceramics to earn a livelihood.

We find a minor prophet, Amos, who did indulge in an interesting avocation during his life in the eighth century, B.C. A native of Tekoam, a village south of Jerusalem, he was a man who now would be termed "from the Sticks." John Singer Sargent's conception of him is that of a robed man holding a shophar and a whip, symbols of the shepherd and angry man. But Amos lived an austere life as a herdsman while he did another service for Scripture tells us that "he also dressed sycamore trees in season."

I wonder if Amos thought of his poetic words while dressing the sycamores. It seems that while he worked with plants he could receive inspiration to compose and ponder humility and meekness before God.

This is precisely what his writings show. He was not in the class with professional prophets, as the term "sons of the prophet" refers to a prophet's guild of ancient days, and his writings were not as voluminous as those of major prophets. He did use his mind for a high attainment in his oracles. Read them if you want to find vivid figures of speech and illusions, not the language of a peasant.

Of course, he could in no way be erudite and earn much honor among his own countrymen, for they held as the pastoral way of life in Judea, whereas in Israel, a more fertile part of the land of the Hebrews, the people had towns and more prosperity. A bitterness sprang up between the two areas. When Amos spoke of Yanweh's wrath against the neighbors of Israel and the punishment they should expect as a result, his listeners felt gratified. But then he revoked the Israelites for their smugness, which characterized the attitude until the time of the Messiah, whom they felt would come with earthly power to proclaim his kingdom for himself and his chosen ones. Amos reminded them that deliverance from Egypt by their God and their special relationship with Him did not empower them to behave in proud ways. He rebuked those who attained wealth and power gained by capitalizing upon the poverty of other people. He shows that he had observed many ways of evil in his contacts with those in commercial enterprises.

But what of his dressing trees? This expression came from the growth pattern of sycamores, which were not our American trees but their ancestors, the plane trees of the Near East. The tree bore fig-like fruits which were opened to allow the nesting insects to escape from them. This pinching caused the fruits to ripen for eating. Amos dressed the trees by pinching them.

Amos was a man of many talents, all used in praise of his Creator and for the good of his people.

LETTER TO THE EDITOR

Dear Sir:

Some time ago you published the obituary of a lady, Mrs. Virginia Sanders, who reached the remarkable age of one-hundred plus.

Since then I have talked to several of my old neighbors who had not realized that this was the lady whom they all knew as "Jenny or Aunt Jenny Sanders. Of course, Mrs. Sanders had a number of nieces and nephews by birthright but these folks with whom I spoke were using the title as an honorary one out of respect and gratitude for what she and her two closest neighbors (Mrs. O. S. Ridder and Mrs. Edward Hesse) did for them while they were residents in the Sunnyside, Silver Knoll, Underwood community.

In the decade following World War I this was a community of stump farms inadequate or non-existant roads with little or no professional medical assistance. When disaster struck, the community was dependent on its own resources and the main resource was without a doubt these three women.

In the Eastern section of the community, if someone suddenly sickened and started to faint (so it seemed to us kids) Mrs. Ridder would be there to catch them before they would hit the floor. Mrs. Hesse would be there to assist with getting them to bed. In the western section the process was much the same only the order of arrival varying a bit. Mrs. Hesse, Mrs. Sanders, Mrs. Ridder. Or Mrs. Sanders, Mrs. Hesse, Mrs. Ridder. The order of their arival was dictated by the location of their respective homes not by their degree of concern for the afflicted one.

Thus it was thru the early years of this century and most notably so during the influenza epidemic following World War I.

Births, deaths, illness, accident, sometimes just helping an over-burdened wife catch up on the yearly chores; they were there!

No one with whom I have spoken ventured to suggest that those old days were good but all did agree that those three women carried more than their fair share of the burden to make them better.

Honor to their Memory.

"Freedom Break" Accomplished By Young Man at Deer Park

Cooking fish over an open campfire is the only way to enjoy them, according to many fishing buffs, and that's what Jerry Kimmell does nearly every day. He catches his meals from a nearby stream, supplementing his diet with beans, grits, pancakes, and edible wild plants until his garden bears a reward for his efforts.

By Carol Canan

Many young people today talk of "freedom" but very few have achieved it to the extent of a young man now living near Deer Park — in a tipi (pronounced teepee).

Jerry Kimmell, 21, of Springfield, Ohio, rode his 10-speed bicycle into the county the first part of May, taking three days for the 350-mile trip.

He set up a "homestead" on property belonging to Mr. and Mrs. Patrick Harvey, with their consent. The land originally belonged to his late grandparents, Wally and Nellie Kimmell. Jerry is the second son of Mr. and Mrs. Burrell Kimmell, Springfield.

Jerry cut long poles from the nearby woods, stripped them of bark and smoothed them to support his tipi. The large, round canvas structure was sewn by a young couple from Springfield who specialize in making these portable wigwams. It took only about 15 minutes to erect his shelter once the poles were ready.

His next project was to ready garden plots for planting. First he spaded the ground, then used Mr. Harvey's tiller to help make the ground smooth enough for planting.

He began planning this "freedom break" about one and one-half years ago, when he started working in a machine shop in his hometown. Running lathes and mills and putting up with the noise and grease just wasn't his niche, and so he began saving money to enable him to leave that existence.

Now, instead of the deafening squeal and whine of machines, he hears only birds, the wind, his fire snapping and popping. His days now are spent, not standing and commanding a machine for eight hours, but in tending his garden, cutting wood, fishing, playing his guitar, cooking, and reading.

His diet, mainly of fish, grits, beans and pancakes, is supplemented by occasional extras from P. G. Arnold's grocery in Deer Park. Mr. and Mrs. Harvey also provide extras from their kitchen.

In the tipi rugs brought in by older brother Tom a few weeks ago line the floor, and shelves of bricks and weathered boards take up one section of the circular walls in a display of how-to books — how to make it, how to raise it, how to forage it, how to identify it, how to cook it.

Water he must carry from the Harveys. light comes from candles or his fire, electricity he does without. The only hardship the latter causes is that he can't listen to music, but he partly compensates by playing his guitar.

On "washday," he boils his clothes in a large black kettle over an outside fire. His bed is his sleeping bag he carried in from Ohio, his bath a "steam bath", he built nearby.

He doesn't get lonely, especially since he has gotten a part Siamese, part Persian kitten for company. He has no desire to travel, except possibly north ward some day.

Right now he has everything he needs and is content. Doesn't everyone wish they could say the same . . .

No. it's not Indians living here, it's a young man from Springfield, Ohio, seeking his personal kind of happiness living outdoors, on his own. This is, however, a tipi (teepee) very similar to those used by red men. This one was constructed by two "white eyes" living in Ohio.

Couple Will Wed

Mr. and Mrs. Ronald L. Gannon, Schenectady, N.Y., announce the marriage of their daughter, Airman Lynn Mary Gannon, to Airman Joseph Andrew Friend, son of Mr. and Mrs. Melvin A. Friend, Swanton, on May 23, this year at a private ceremony in Offutt, Nebraska.

Both Joseph and Lynn went to technical school in Colorado and are now serving in the strategic air command, at the air force base in Offutt, Neb.

Don't Gag Federal Workers

A prime lesson from the tragedies of Watergate is that a public official's first duty is to his conscience, not to his agency or boss. Unfortunately, it is a lesson that seems to have been lost on the Supreme Court which has handed down two decisions which, in effect, gag federal workers from criticizing either their bosses or their agencies.

In one vote, the court upheld a federal statute under which a federal employee can be dismissed or suspended for the vague reason of "such cause as will promote the efficiency of the service."

And in a narrow 5-4 decision, the high court ruled that the government could fire a worker without giving him a full trial-type hearing.

Now, it is no secret that the federal bureaucracy is a restful haven for too many men and women who don't earn their keep. A good bit of that deadwood could be eliminated forthwith, we are sure, with no detriment to the country whatever.

That said, however, it must be observed that many of the most flagrant cases of government waste, overspending, and other wrongdoing have come to public attention because public servants could not in good conscience condone what they saw. If high-ranking federal officials are allowed to summarily fire their subordinates based on the flimsy, ambiguous reason indicated in the Supreme Court's rulings, government workers will understandably be fearful of stepping forth when they observe improper actions by their superiors.

The loyalty of a public servant—at the local, state or federal level—should belong first to the citizens whose taxes support him. Hopefully, despite the court's decisions, fairness will still prevail to encourage government workers to let their consciences guide their actions.

The 70's Crash

We believe the economy is facing a debacle both different from and more severe than the Depression of the 1930's. Throughout history, Man has always returned to GOLD and SILVER for the safe storage of value — protection from the ravages of inflation and devaluation.

Europeans know this — but America has never experienced the horrors of prolonged — devastating inflation and devaluation. Protect yourself while there is YET TIME.

REMEMBER, IT WASN'T RAINING WHEN NOAH BUILT THE ARK.

SENSING THE NEWS

Southern States Industrial Council

Endless Foreign Aid

Since the end of World War II, the United States has given more than $138 billion in foreign aid to more than 150 countries. Nevertheless, proponents of foreign aid insist that the American people give more to already needy nations. Such insistance taxes the patience of Americans burdened by inflation and soaring public debt.

This year, the administration is requesting $5.18 billion in new foreign aid funds, including $250 million for Egypt and another $100 million that possibly could be used for Syria and the Palestine refugees. This is on top of vast expenditures made earlier for military aid to Israel.

The rhetoric employed in support of foreign aid is familiar. President Nixon terms the proposed gifts "an investment to sustain the peace." The Washington Post, defending the $250 million giveaway to Egypt describes it as "a solid token of American good will and an excellent investment in the new relationship which President Sadat plainly seeks to build."

The average American may reply: How many more tokens do we have to offer? Isn't $138 billion enough? And why haven't the foreign aid "investments" paid off for the American people. They have not paid off. Certainly, Americans in 1974 are not more loved or respected than in 1946. The United States is not more secure. The world is not more peaceful. In other words, Americans may properly judge that foreign aid is the most expensive flop in history. Yet our government continues to throw money down the proverbial rat holes.

One of the most amazing handout proposals is the recommendation that $95 million be given to India. For months, India has bitterly opposed construction of a U. S. naval base on Diego Garcia atoll in the Indian Ocean, despite the massive and growing Soviet naval presence in that Ocean.

Consider the proposed $250 million for Egypt. Wouldn't it be better to let the taxpayers keep that money? Twenty million dollars, according to Dr. Kissinger's grand design, will be used to reopen the Suez Canal. That is a good idea—for the Russians, that is. Once the canal is reopened, at U. S. taxpayer expense, the Soviet fleet will move into the Indian Ocean even more rapidly. Then Dr. Kissinger wants to spend $150 million on rebuilding Egypt's devastated Canal cities. Shouldn't the Egyptians pay for their own mistakes? They and their Arab neighbors launched the latest round of fighting.

Finally, if Egypt is to be aided, why isn't the United States insisting that such aid come from the Arab oil-producing states which have a problem disposing of their vast income? That apparently doesn't occur to Dr. Kissinger, no more than it occurred to him to make the Russians pay dearly for American wheat.

But there's more to the foreign aid bill than the gift to Egypt. Israel also is marked down for a large hand-out. So are other longtime associates of the United States. Really, it is time for the United States to halt aid to other countries, whether friend, foe or neutral.

The U. S. faces severe economic programs. Every housewife in the land knows that costs are soaring. Family budgets are being strained to the limit. Companies are deeply concerned about the effect of inflation on the future of the economy. The nation needs to tighten its belt, halt all giveaways, and severely restrain domestic spending. Yet a bi-partisan element in Washington persists in continuing wasteful practices. One of the most wasteful of all is foreign aid.

The United States cannot indefinitely support other countries. It should not attempt to do so. The need is for a new concern for strictly American problems and needs and for economizing on an unprecedented scale. Therefore, every effort should be made in Congress to prevent passage of the foreign aid bill.

IN MEMORIAM

A Father's Day tribute to the Memory of Charles Rush who passed away July 9, 1969.

He called to him softly and
took his hand,
To live forever in the
Promised Land.
His voice isn't stilled but
rings sweet and clear,
In that heavenly choir only
God alone can hear.
And when the day comes that
we take our last ride,
He'll be at the gates with his
arms out wide.
Then we'll be together as a
family once more,
On the other side of the
Golden Door.

So dearly loved and sadly missed by
His Wife
His Children and
His Grandchildren

In addition to reading books of various categories children will be encouraged to register for a series of workshops scheduled for alternate Tuesdays and Thursdays durmg that period.

The first workshop will be a "Folk Sing-Along," with a short history of music and lore in America, conducted from 1 to 2:30 Thursday, June 27, in the library by Jane Garrett and Becky Carroll.

First of a series of five workshops on puppetry leading up to a puppet show at the closing party on August 24, will be held from 1 to 2:30 Tuesday, July 2, in the main library. A short demonstration will be given to introduce the program and then children will collectively write and produce a puppet show.

Other workshops tentatively scheduled deal with story telling, creative dramatics, and poetry. Details are to be announced.

Registration will begin June 24 in the main library, in Grantsville branch, community centers in Finzel, Friendsville, Crellin and Kitzmiller, and on the bookmobile. Certificates of completion will be awarded at the closing party.

TOP BASEBALLERS FOR SOUTHERN HIGH RAMS—Most valuable player and batting champion were named last week by coaches of the Southern Rams baseball team. They were Bob Ingram, most valuable player; and Craig Bosley, batting champion who had a .421 percentage for the season. The Rams had a 9-S record for the season, finished third in the Potomac Valley Conference with an 8-2 record, and were runner-up in the class B district playoff.

Man Is Found Guilty of Larceny After Trust

A Wilson, W. Va., man was found guilty of one of three charges by Judge Lewis R. Jones in District court on June 4, but it was not the same charge as indicated in a news story in The Republican on June 13.

Randol Kent Bowen, Wilson, pleaded not guilty on two charges of larceny and one for selling a car without a title. On a charge of larceny after trust of $400 entrusted to him by Ernest Martin to be used for transporting pipe to Florida for benefit of the owner, he was found guilty and sentenced to six months in jail. This sentence was suspended and he was placed on probation for one year under the supervision of the Department of Parole and Probation, and to make restitution.

It had been erroneously stated in last week's issue he had been found guilty of selling a car to Ernest Martin without providing a title, rather than the larceny alter trust of $400. The Republican regrets the error.

Bowen on the second larceny charge, was found not guilty of using $50 for his own purpose, money intended to be used as indicated by Mr. Martin. He was also found not guilty of selling a car to Mr. Martin last December, without a title.

Two Weekend Accidents Occur On E. Oak Street

Two accidents occurred on East Oak Street, Oakland, over the weekend, one causing considerable damage.

The car of Mrs. Edith Bell, was parked on Oak Street and was struck by a van truck driven by William George Welch, Alder Street, Oakland. The impact drove the Bell car up over the curb and into a tree, knocking off a large portion of bark. Had it not been for the tree, the car was headed for the corner of the Albert Kahl residence. Roger Lewis of the Oakland Police investigated the accident which occurred about 2:20 a.m. Saturday morning. The Bell car sustained extensive damage.

Another mishap occurred on Oak Street Sunday evening at Fourth Street. Margie Marie Evans, North Third Street, Oakland, was stopped behind another car attempting to make a left turn and was struck in the rear by a car driven by John H. Geroski, Jr., RD 1, Gormania. Geroski was unable to stop in time to avoid hitting the Evans car. Hobert Shillingburg of the Oakland Police investigated the accident.

Revival Planned

There will be a Revival at the Walnut Bottom Assembly of God church with Evangelist Sam Coughenour as the speaker. Bobby Smith, former Rock and Roll singer and guitarist, will also participate.

Services are nightly at 7 o'clock except Monday, beginning June 25, continuing through July 7.

FORD PINTO:
The lowest priced* four-cylinder car made in America.
As a matter of fact, it's priced $367† less than VW Super Beetle.

Price and Selection.
Pinto prices start at just $2,482 (base model sticker price excluding destination charges, dealer prep, title and taxes). Pinto is priced less than Vega, Datsun B210, Toyota Corolla 1600. And lower than VW's best seller by $367.† And besides the basic two-door, there's the sporty three-door Runabout and Pinto Wagon, the best selling station wagon in America, regardless of size.

Higher Resale Value than its Competition.
Resale value says a lot about quality. You should know that both one and two year old Pintos returned a higher percentage of their original sticker price than Vega, VW Super Beetle or Datsun 1200. (Based on a recent national average of NADA used car retail prices.)

35 Big Car Safety Features.
A Ford Pinto has 35 of the same type of Lifeguard Design Safety Features found in larger cars like the Ford LTD, including side door beams, 5 mph protective bumpers and 33 others.

Rack and Pinion Steering.
The durable Ford Pinto is the only American-made sub-compact from a major manufacturer to offer rack and pinion steering as standard equipment. To help make handling precise and parking a breeze.

Gas Mileage: 28.1.
Recently, a Pinto was driven over highways from Phoenix to Los Angeles, never exceeding 50 mph. It was equipped with standard 2000 cc engine and 4-speed transmission, broken in to simulate 6000 miles of normal driving. The Pinto averaged 28.1 mpg! Of course, gas mileage depends on maintenance, driving habits, vehicle weight, road and driving conditions and you might not get the same results because no two drivers are exactly alike.

Economical Four-Speed Manual Transmission Standard.
Other American-made sub-compacts (like Vega) charge extra for a four-speed.

America's Smallest Gas-Stingy Four-Cylinder Engine.
While the makers of some so-called economy cars don't even offer a four-cylinder engine, Ford Pinto offers two. A 2.0 liter, the smallest displacement engine made for any American car by a major manufacturer, and an optional 2.3 liter.

$2,482.
(Base sticker price excluding dealer prep, destination charges, title and taxes.)

Small Car Headquarters
FORD

Is it any wonder it's outsold every other sub-compact in America since its introduction.

*Based on a comparison of base model sticker prices of 4 cyl. cars from major American manufacturers. Destination charges are not included and may affect this comparison.

You don't have to be a scientist to realize that these tons of rock are held in check by perfect balance. You wouldn't want to be sitting nearby if they weren't!

This kind of balance results in inertia. There is another state of being that results in sound initiative and worthwhile action.

You've heard men speak of a balanced background, a balanced education, a balanced life. They're usually referring to the fact that no important element has been ignored or neglected.

Religious sincerity is one necessity for this kind of balance. It cannot take the place of any of the other essentials. Nor can anything else take its place.

The Church is constantly helping us gain—and keep—our balance!

THE DEEP END

Lesson for June 23, 1974

Devotional Reading: Psalms 13.
Background Scripture: 2 Thessalonians
Devotional Reading: Titus 2:11-14.

When we speak of someone "going off the deep end," we mean that they have gone beyond reasonable limits in some particular direction, they have lost their perspective and become fanatical.

Rev. Althouse

This, of course, can happen in any area of life, but it is particularly true of men's religions. There are always religious fanatics and this fanaticism always constitutes a threat to religion because it tends to distort it.

"The forest for the trees"

Fanaticism is like looking at a whole forest and seeing only one tree or group of trees. So, religious fanaticism is focusing on one aspect of religion—usually a valid aspect—and blowing it out of proportion. When this happens, the fanatic cannot see, as the old saying goes, 'the forest for the trees."

This was the problem to which Paul had to address himself when he wrote to the church at Thessalonica. The Thessalonians had become fanatics on the subject of Christ's Second Coming. For them, every aspect of Christianity was seen only in the shadow of this one concern. Both their church lives and their daily lives were focused on this belief.

Paul admonished them, not to forget the Second Coming, but to put it back into perspective and stop ignoring the other facets of the gospel. Religious fanaticism always distorts the importance of one part of the truth at the expense of the rest of it.

Secondly, the problem at Thessalonica was not just that people's beliefs were distorted, but that their lives were too. Because they were hung-up on the question of Christ's immanent return, they had decided to stop working and leading productive lives. Thus, Paul had to warn them against "any brother who is living in idleness . . ."

Wrong belief may be self-serving

Paul realized that fanaticism is not just a matter of wrong belief, but may be a means of satisfying some self-serving tendency. Perhaps one of the reasons that the Thessalonians were so attracted to this fanaticism is that it allowed them to be lazy and dependent upon others. It was so serious that Paul had to demand: "If any one will not work, let him not eat" (3:10)!

Fanaticism usually meets self-serving needs and its effect is not just that people hold erroneous or distorted beliefs, but that they live distorted lives. This distortion is usually backed-up by a misguided intensity. Philosopher George Santayana defines a fanatic as "one who, having lost sight of his aim, redoubles his effort."

Paul was also concerned with the bad example some of the Thessalonians were setting and he reminded them of his own example when he had been with them (3:7). The problem with "going off the deep end," he knew, is that the fanatic hurts both himself and, by his bad example, others too.

Eighteen Are Killed on State Highways

Eighteen persons lost their lives on Maryland Highways last week according to the weekly news release compiled by 1st Sergeant James Harvey of the Maryland State Police. Of those killed, nine were drivers, four were passengers and five were pedestrians. At least three of those deaths could possibly have been prevented had seats belts been in use.

Alcohol was a known contributing factor in four of the deaths last week, speed in thirteen and "driver error" in thirteen.

Persons killed through June 16 totaled 264 compared to 390 for the same period a year ago.

The Federal Power Comm. said natural gas shortages grow worse.

Leave the stems on and do not wash them before putting in the refrigerator. Sort them carefully and place loosely in shallow containers so that air can circulate through them.

IT'S CHERRY CHOMPING TIME

Sweet cherries, now in season, have sometimes been called the "aristocrat" of summer fruits—and no wonder. One bite of a firm, plump, juicy sweet cherry is enough to make anyone feel close to royalty.

Like any good aristocrat, the cherry has a lineage which can be traced back to antiquity. Greek and Roman botanists wrote about cherry cultivation, and cherry pits have been found in the dwellings of prehistoric men. Cherries also have a long tradition in the United States. They were grown in Massachusetts only nine years after the Pilgrims landed. And, of course, Mason Locke Weems, commonly known as Parson Weems, immortalized the cherry tree when he included the celebrated story of lanest young George Washington and his hatchet in a biography of our first president.

Luscious sweet cherries, ripened to a deep red like a dark blush of the summer sun, are a delicious anytime snack. But they also are tops as a crisp, colorful garnish for salads, used in fruit cups, or served fresh and sparkling as a dessert treat. Sauces, cobblers, shortcakes, jellies, and sundaes are only a few of the many recipe ideas for using sweet cherries.

When shopping, look for firm, shiny, plump ones. Immature cherries are likely to be very tart, of small size, poor color, and lacking in juice. Overmature cherries are usually soft, of dull appearance, more or less shriveled, and may be leaky. Make sure the cherries are free of soft areas or brown spots.

Sweet cherries are especially perishables and should be refriggerated as soon as possible.

Congressman Goodloe Byron
Maryland—Sixth District

This regular column serves as another vehicle to keep in touch with all segments of my constituency. It is an open invitation for you to question me on issues, let me assist you with your problems, request information or comment on whatever happens to be on your mind. Letters should be sent to me, c o U. S. House of Representatives, Washington, D. C. 20515. While space is obviously limited for printing all replies, I shall make every effort to answer each person who contacts me.

The following questions were typical of the kind asked of me in recent weeks;

Where can I obtain a list of the latest figures pertaining to imports of petroleum products?

The Federal Energy Office has now created a National Energy Information Center to answer the public's questions about fuel and other energy matters. To answer your specific question, a weekly publication is available on production, inventories and imports of petroleum and petroleum products. The figures are based on reports provided to FEO by the Nation's refiners, bulk terminal and pipeline operators, and importers.

A group of us are trying to establish a community-wide carpooling program. Is there anyone at the Department of Transporation we might contact for assistance?

You should write to "Carpool & Buspool Matching Program", Federal Highway Administration, Transportation Department, Washington, D.C. 20590.

I read somewhere that 1974 automobiles increased an average of $125 in cost at the retail level because of required safety improvements. Do you know what these improvements were?

The Bureau of Labor Statistics informs me that the bulk of the cost increase was related to improved rear and front bumpels and for the ignition interlock system interlocking with seatbelt use.

My neighbor's husband died suddenly last year and his wife and 19-year-old daughter, who is in college, began receiving social security survivors' benefits. I am curious, at what point the benefits would be terminated to her daugher?

According to the Social Security Administration, the daughter will collect monthly benefits until age 22 if she continues as a fulltime student. If she marries before then, however, or terminates her schooling, the benefit will end.

Can I reserve, by mail, campsies in our National Parks?

Yes. 23 national parks now participate in a nationwide computerized reservation system. For more information on this subject matter I suggest you order a personal copy of "Camping in the National Park System", available for 55 cents from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. In addition to discussing campsite reservations, the guide specifies the camping season for each campground, duration of stay permitted and facilities available to the camper.

Whatever happened to your wilderness bill?

The legislation, designating 315 000 acres as wilderness passed the House last month. As a result of the measure, land in 13 Western and Southern States will remain in its natural state with no permanent roads or human habitation permitted.

Who Created The U.N.?

An astute observer of news events can conclude logically that such "accidents" as the "Energy Crisis," inflation, campus disorders, federal bureaucracy, and media-cultivated cancers in the fields of art, music, literature, cinema, and education — are not accidents. Neither are they the result of blundering politicians. If they were, they would occasionally make a mistake in our favor.

1. Who is orchestrating these instruments of corruption?
2. For what purpose?
3. How OUGHT we to respond to this threat?

1. Many carefully-disguised instruments of destruction have been institutionalized into our society. To say that any one of these is responsible for the state of the union would be an oversimplification. However, there is an international organization headquartered in N.Y. City whose membership has staffed almost every key position in every administration since FDR. (see The Invisible Government in the June 6 issue of The Republican) The orchestrators are the high-level officials in the CFP. The policies promoted by the CFR in the fields of defense and international relations become, with a regularity which defies the laws of chance, the official policies of the U.S. Government.

— None Dare Call It Conspiracy

2. The admitted goal of the CFR is to replace our once independent Republic with a World Government. Already, a World Citizens Assembly is scheduled for June of '75 in San Francisco. Representatives from the U.N. Association, the World Citizens' League, and the United World Federalists are participating in the steering committee meetings held monthly. Among possible themes for the assembly's workshops are: world integration and planetary economics; legal implications of world citizenship for each nation's citizens, as implied in the U.N. Charter. "World Citizen" Jose de Castro summed up the true intent of the WCA briefly, "A world parliament must be created whose delegates, elected transnationally, will feel that they have the power to dictate World-Wide laws ..."

The United Nations was designed by an Advisory Committee on Post-War Foreign Policies (completely staffed by the CFR.) At least 47 CFR members were among American delegates to the founding of the U.N. in San Francisco in 1945. The WCA will honor the 30th anniversary of the signing of the U.N. Charter.

— None Dare Call It Conspiracy

3. This final question will be treated at length in the next ad. The first step is to get informed. Read None Dare Call It Conspiracy, available at your local drug stores. The above information about the WCA was taken from a 64-page news magazine that thousands of Americans trust to present the IMPORTANT news of the week, capsulated and chronological. Consumers Lead the Way

It was my pleasure recently to participate in the first annual meeting of the Maryland Citizens Consumer Council, an organization of citizens from across the state who seek to promote the rights and insure the protection of consumers.

The Council's record of accomplishments in Annapolis during the State legislative session this year speaks well of its effectiveness as a public interest organization. The Council has demonstrated that it can serve as an important link between the people and their elected representatives on matters of particular interest to consumers.

To be truly effective, the voice of the consumer must be heard not only in the Statehouse, but in city and county governments and on the federal government level.

In Congress, because of the concerns expressed by national consumer organizations and thousands of private citizens, legislative battles have been won over issues such as unfair credit practices, polluted air and water, deceptive packaging and labeling, unsafe and ineffective drugs, impure food products, and unsafe cars.

Those victories must be viewed only as partial successes, however—partial because the legislative process often forces compromise, resulting in laws that are less than perfect; and partial because the voices of consumers could not always be heard clearly over the sounds of opposition and protest from other interested parties.

One of the major pieces of legislation of direct interest to consumers that is pending in the Congress is a bill that I am cosponsoring to establish an independent Consumer Protection Agency. It would represent and advocate the interests of consumers before other federal agencies and federal courts.

No reasonable person can argue today that federal programs affecting the interests of consumers are adequately considering and protecting those interests. Neither can it be argued that consumer interests are receiving vigorous and qualified representation before agencies that plan and conduct programs affecting consumers.

As two committees of the Senate have observed, "The adversary system—the keystone of American justice—requires that all affected interests have a fair opportunity to express their views." That is what this measure seeks to accomplish for consumers.

Nearly a year-and-a-half ago, this bill was filibustered to death in the Senate. I hope that with visible and vocal support from consumers across the country, including organizations like the Maryland Citizens Consumer Council, we can muster the forces to enact the legislation this year.

Your views on the subject of this week's column are valued. Please write me at 460 Russell Senate Office Building, Washington, D.C. 20510.

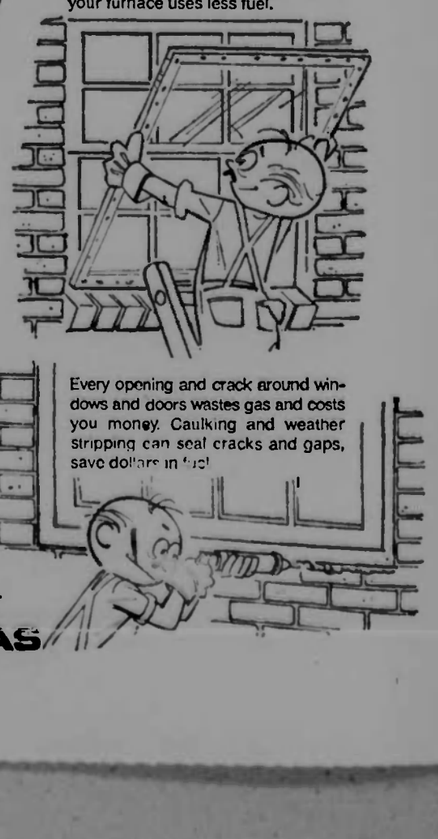
DON'T WAIT 'TIL WINTER TO WINTERIZE YOUR HOME

By following these simple tips, you'll use a lot less gas next winter. And as prices rise, it's especially important that we don't waste valuable natural gas.

Install adequate insulation. Simply laying a 6 inch thickness of insulation in the attic can mean significant savings in gas and money.

Storm windows and doors, or plastic sheeting can reduce heat loss as much as 10%. Your home stays warmer, your furnace uses less fuel.



Every opening and crack around windows and doors wastes gas and costs you money. Caulking and weather stripping can seal cracks and gaps, save dollars in fuel.

If you have an old conversion burner, you'll be wise to replace it with a modern new gas furnace, designed to operate with less gas. As a present gas heating customer, you can install a new gas furnace and be sure of getting gas supplies in the future. A more efficient new gas furnace will give you more heat for less money. Plus it will save space in the basement. Why not call your dealer for advice, while the weather's nice?

Gas is precious ▲ pure energy . . . use it wisely.

A Number Of Minor Wrecks Occur Recently

Several recent, relatively minor accidents were noted in the records of the Maryland State Police. Two were caused by deer jumping onto the roadway.

Last Wednesday morning David S. Young, Cumberland, was traveling west on State Route 135 near Camp 4 road when a deer ran onto the road in front of his car and was hit. Trooper C. H. Hinnant made no charges.

Julius O. Broadwater, RD 2, Grantsville, was traveling north on the Chestnut Ridge Road about a half mile south U. S. Route 40 the evening of June 7 when a deer darted from a wooded area and into the car. Tfc. D. E. Tharp made no charges.

John Z. Ellison, Morgantown, W. Va., in a pick-up, and Larry G. Sines, Ohiopyle, Pa., in a rig, were traveling east on Rt. 135 near the Sand Flat Road last Wednesday morning. Sines attempted to pass the Ellison truck as it began to turn left onto a private road and the two collided. Ellison did not have any signals on the trailer he was pulling. Ellison was charged with making an improper left turn by Trooper C. H. Hinnant.

Merritt H. Feather, Oakland, was traveling north on U.S. Rt. 219 when Connie Rae Trickett, Underwood Road, Oakland, pulled from a private drive into his path. Tfc. L. R. Rosage charged Connie Trickett with failing to yield the right-of-way as the result of the accident last Thursday evening.

A hit-and-run accident occurred on a section of Old 219 in Mellenry. The car of Michael L. White, Crellin, was parked unattended along the road about 1:30 a.m. June 8, and was struck by an unidentified vehicle which fled the scene. Trooper J. E. Foley investigated.

James W. Andrew, West Mifflin, Pa., was traveling west on Boy Scout Road at Sand Flat Road late evening of June 8. He failed to stop at the intersection, went on across Sand Flat Road down over an embankment and turned over. Trooper Foley charged Andrew with failing to stop at an intersection.

Harvey D. Cole, Cumberland, was pulling onto the shoulder of Route 40, and opened his door, into the path of a pick-up driven by Robert W. Riley following, the evening of June 7. Tfc. Tharp charged Cole with opening his door on a side available to moving traffic.

Billy K. Stewart, Havelock, N. C., was traveling west on the Hutton-Oakland Road, early June 7. As a vehicle traveled east, some gravel struck the car of Stewart which caused him to run off the side of the road and strike the front porch of Robert J. Moon. Tfc. C. D. Skidmore investigated.

THE REPUBLICAN

VOLUME 98 | OAKLAND, GARRETT COUNTY, MD. JUNE 27, 1974 | PER COPY 15c | NUMBER 17

Despite Restraints . . .

Amid the controversy over whether extra-terrestrial beings have visited our earth in ages past, one question remains: If some intelligent presence did visit here hundreds or thousands of years ago, why haven't they been back lately? Our own small piece of this planet may give a clue.

Here is a country occupying only six percent of the world's land mass, inhabited by only six percent of the world's population, enjoying 20 percent of earthly steel production, 35 percent of its electrical output and 35 percent of all its automobiles. Sixty-four percent of us live in homes we own; we are paid more and spend less time actually on the job than any other people on earth, and somehow we have accumulated about half of all the wealth there is.

Yet opinion pollsters say that only about 25 percent of us say we have any confidence in the business system that brought all this to pass. Advocates in and out of government keep calling for "restraints" on business—this in spite of the fact that our ill-conceived love affair with wage and price controls, (the ultimate in restraint) was a disaster.

Those who pilot the chariots of the Gods, if such there be, must surely be in search of more rational worlds than ours to visit and explore. From the Industrial Press Service in Washington.

To Retire After Almost 32 Years In U. S. Marine Corps

Colonel Richard C. Browning will complete 31 years and 10 months service in the United States Marine Corps on 30 June of this year, and be placed on the Marine Corps retired list. The Colonel is a native of this county and a graduate of Oakland High School, class of 1940. He entered the Navy V-5 program as a Naval Aviation Cadet in August 1942. On completion of flight training at Pensacola, Fla., in August 1943, he was commissioned a Second Lieutenant in the Marine Corps. In 1946 Colonel Browning received his regular commission in the Marine Corps while attending the Amphibious Warfare School in Quantico, Va.

In 1970 Browning was assigned to the US Army War College as the Marine Corps Representative at Carlisle Barracks, Pa. He came to Carlisle Barracks after serving as the Marine Corps Representative for the Naval Aviation Technical Training Command.

During the Vietnam War, Colonel Browning flew combat missions with the 1st Marine Aircraft Wing and was the Marine Corps Liaison Officer to the Military Assistance Advisory Command and to Headquarters, 7th Air Force in Saigon.

In 1965 Colonel Browning completed a year of studies at the Air War College in Montgomery, Ala.

In 1968, while serving with the Marine Aircraft Group 11 in Japan, his unit was ordered to Taiwan during the Formosa Straits crisis. He was a squadron

To Discontinue "Tar and Chips" On State Highways

Surface treatment, commonly known as "Tar and Chips" on state highways in western Maryland will be discontinued except on the shoulder areas, according to Delegate DeCorsey E. Bolden. In a letter to Mr. Bolden the 6th district engineer, John D. Bushby, Cumberland, stated "that surface treatment will be used on shoulder areas only and not on the traveled portion in the future."

"Realizing that waiting until sufficient funds are available to resurface with bituminous concrete may introduce other problems, we will face that situation when it arises," he further stated. Mr. Bushby assured that he has in the past and will continue in the future to make every effort to obtain funds to adequately maintain the highways in district 6.

Mr. Bolden, as a member of the House Appropriations committee, pledged to continue in this effort.

This change in policy came about as a result of the numerous problems encountered by motorists as a result of the surface treatment program this year with "tar and chips". One road criticized was Maryland route 39, from Oakland to Hutton. Delegate Bolden indicated that he welcomed this policy change and he is sure that the people of the western counties did also.

THE OFFICIAL OPENING of Manor Builders Supply in Mt. Lake Park was marked by a ribbon-cutting ceremony last Thursday morning at 9:05. Officials at the ceremony were, left to right, Mrs. Lillian Shaffer, secretary and wife of general manager Bob Shaffer; Carl Loughrie, of WFRB radio, Frostburg; Ron Straight, American Hardware Paint Division representative; Courtney Tossing, president of the First National Bank, Oakland; Maryland House of Delegates incumbent candidate, DeCorsey Bolden, who wielded the shears for the ribbon cutting, Bob Shaffer, general manager; John Dever controller; and Dean Hillegas, announcer for WFRB radio, which gave live coverage at the store at the grand opening festivities, along with local station WMSG.

Help The Small Businessman

One important distinction between our society and some totalitarian societies is that here a man is free to begin, operate and—if he's forunate—make money at a small business.

The economic impact of America's small businesses is enormous. Small businesses comprise 98 percent of the country's total business units, employ 65 percent of the nation's non-governmental work force, and produce about 40 percent of the U.S. gross national product.

Although thousands of small businesses fail each year for various reasons, the challenges of being your own boss continue to prove irresistible to millions of independent-minded Americans. These small businessmen are extremely important to the social as well as the economic fabric of the country. Togethtr, they foster a healthy climate in which competition helps assure that consumers get the best possible goods at the lowest possible prices.

In short, owners of small businesses have done a lot for us. Now there are a couple of things we as a nation ought to do for them.

In 1960, small-and-medium-sized manufactoring firms had 50 percent of this sector's assets and 41 percent of its profits. By 1972 they had dwindled to only 33 percent of the assets and 28 percent of the profits. Recent studies have also shown that small-and-medium-sized business pay taxes at twice the rate paid by big U.S. corporations—51 percent against 26.9 percent.

Two bills that experts believe would significantly help small businessmen compete are now before Congress. One of them, the Federal Paperwork Relief Act (H.R. 12269), is designed to relieve small businesses of some of the costly and time-consuming work required to fill out numerous mandatory Federal forms. The second bill, entitled the Small Business Tax Simplification and Reform Act (Evins-Bible Bill would create a Federal committee to revise and simplify our tax system, and would reduce tax rates for firms earning less than $1 million in receipts a year.

We urge Congress to pass both of these bills. Small businessmen have done a lot for us. Let's do something for them.

Hot Line Volunteers Discuss Suicidal Calls

What are the content and significance of suicide notes? What are the causes and methods of suicide? What is the relationship of marital status to suicide? What is the significance of depression in suicidal behavior? What are effective methods of intervention with persons who have high suicidal tendencies? These and other questions regarding suicide were presented in the film The Only Way. The movie was shown at the June 12 meeting of Hot Line Volunteers. The subject of suicide and how suicidal calls might be handled was later discussed among the volunteers.

At the outset of the business meeting a couple of new volunteers were introduced. Hot Line is presently operating with a minimal number of volunteers. The need for volunteers is accentuated during the summer months because many people go away for vacations. Interested persons may call either of the co-directors, Ann Broaddus or Don Thomas or Mary Ann Savage at the Health Department.

Another matter which was discussed was reverse Hot Line. A new arrangement has been made whereby volunteers have signed up to regularly call specific persons. This will hopefully make reverse Hot Line more effective and satisfying for those who are called.

Mention was also made regarding a new directory of local agencies and organizations which is presently being compiled by the Ruth Enlow Library. The new directory will update and expand Hot Line's present information file.

The next Hot Line feeling will be held on Wednesday, September 11 at the Ruth Enlow Library.

SENSING THE NEWS

ANTHONY HARRIGAN

Southern States Industrial Council

Mr. Nader's Pet Bill

Ralph Nader may get his New Year's wish--the enactment of the so-called Consumer Protection Agency bill. Last January he said that this was his No. 1 wish for the New Year. And many officeholders are determined to oblige him. Indeed Sen. Ernest F. Hollings (D-S. C.) writes in a letter to constituents opposing the bill, "I believe it would be a healthy thing to institutionalize Ralph Nader."

Not everyone will agree with Sen. Hollings. Many citizens are convicted that a $10 million-a-year Consumer Protection Agency would impose its subjective outlook on every administrative procedure and create endless legal action. In short, the agency would be an advocacy force and force harassing already over-regulated private business.

Recently, I received a letter from a small manufacturer on the West Coast which reveals the justifiable concerns of business. This busnessman, writing to his congressman said the following:

"Our apprehensions are not at all based on the fact that an agency is being set up to protect the consumer. As a matter of fact, considering the amount of money this company spends on perfecting and insuring the quality of our products, I would be delighted to have more and more people look closely at our products. My apprehension is that the bill includes a provision that would allow this new agency to intervene in, and possibly reverse, the rulings of existing agencies which currently have jurisdiction over business activities.

"As you are no doubt aware, there is already a great deal of correspondence and telephone contact necessary with the various existing government agencies, to establish just how the federal government wishes us to conduct our affairs. It is often only after much probing on our part, that we can determine precisely what we are expected to do.

"It is not at all unusual to have contradictory opinions stated by the same agency on successive days, and it is occasionally virtually impossible to get them to commit themselves in writing, so that we can conduct our business in an agreed upon manner. However, this is the existing state of affairs, and we do our best to find out what is required and to comply.

"Now, however, it is proposed that a new agency, acting independently, can challange agreed upon procedures (agreed upon by our company and a government agency) upon which we may have been acting for a considerable period of time. This is similar to summarily imposing the rules of hockey on a baseball game halfway through the game, and expecting everyone to adapt to the new rules instantaneously, to continue playing, and hopefully to win the game.

"We are extremely anxious to be in compliance with government regulations, but government regulations which can be obviated at any time by a separate agency which had no part in making up the initial rules, sends cold chills up our spines."

This small manufacturer expresses the concern of countless other businessmen who create the products from which the wealth of this nation is derived. It is tragic that Congress worships at Ralph Nader's shrine and pays so little heed to the people who manufacture needed goods and create wealth for America. The Consumer Protection Agency bill (H.R. 13163) can only hinder the U. S. as a manufacturing nation.

"Guess how many paths my Want Ad has already got for you to shovel?"

Justice At The Bar

Two recent decisions have now been handed down as a result of the mess in Washington that should go a long way toward renewing the country's faith in our judicial system.

In the first decision John N. Mitchell, former attorney general and President Nixon's campaign fund raiser along with Maurice H. Stans former Secretary of Commerce were acquitted in the Vesco case in New York. Secondly, Spiro Agnew, former Vice President, was dirbarred from practicing law in his native state by Maryland's highest court.

Alhough the two cases were entirely different in context, they were part of the black cloud of suspicion that has hung over the Administration ever since Watergate first shocked the nation.

Mitchell and Stans were indicted on a number of counts, including perjury, in connection with an alleged plot to interfere with a probe by the Securities and Exchange Commission into the operations of financier Robert L. Vesco. It was alleged that $200,000 in cash was contributed to President Nixon's 1972 reelection campaign, to gain special favor for Vesco.

Since this story first broke it has been given daily top priority by the media leading to a plea that the two men could not possibly get a fair trial. Their aquittal by a jury that contained a cross section of American citizens provides a clear example that justice will prevail in our courts despite the attention given to a case by the communications media.

Americans still know how to make up their minds on the guilt or innocence of a defendant on the basis of testimony presented to them in court regardless of what they hear of the case from other sources.

As to the case of Spiro Agnew, many believed that he was let off very lightly by the courts, considering the allegations made against him. However, because he entered a plea of "no contest" he was forced to resign from his high position, a punishment that only he can evaluate.

His disbarment, on the other hand, was a fair decision by the judges in Maryland, who said in their decision that he was guilty of a crime "infested with fraud, deceit and dishonesty."

Welcome Welfare News

One subject which can be relied upon to raise the blood pressure of most taxpayers is that of welfare. The abuses, inequities and waste in the nation's welfare system are legion. Its growth has been as inexorable as the rains of spring.

Now, however, out of Washington comes welcome welfare news: someone appears to be getting a handle on who all that money is going to. During 1973, the rolls of the nation's largest welfare program dipped for the first time in 20 years. Some 255,000 persons were removed from the program of Aid to Families with Dependent Children (AFDC), which is jointly funded by the Federal Government and the states. A total 10.8 million Americans remained on the AFDC rolls as of December.

The Secretary of the Department of Health, Education, and Welfare, Caspar Weinberger, credited the states with tightening their management practices to begin the decline.

"This long overdue reform has permitted 25 states to increase their welfare payments to the truly needy and fully eligible, utilizing the money saved by weeding out the ineligible, correcting the payments, and adopting practices preventing further meligibles from getting onto the wellare rolls in the first place," said the Sec'y.

We have not only stopped the rate of welfare growth, we are starting, at last, to turn back the ever-increasing welfare rolls which had become a tragic way of life for far too many Americans," he added.

We applaud this major effort which has already saved the Treasury an estimated $800 million. Few Americans would deny help to the truly needy. But none of us wants to subsidize the welfare cheater.

Who Believes In America Now?

So who believes in America now—after Spiro Agnew, the energy shortage, inflation, the President's taxes and the Watergate transcripts? A great majority of Americans, that's who.

In a new Gallup poll, 7 out of every 10 adults interviewed express a high degree of confidence in the nation's future. Significantly, the vote of confidenic is greatest among the best informed citizens in the country, with nearly 8 in 10 college graduates saying they have 'quite a lot" of confidence in the future of America.

We believe their confidence, and our own confidence, is based on more than blind faith. For the first time in more than a decade, no American serviceman is dying in combat. Inflation is intolerably high but still not as high as in many other industrialized countries. And the assorted events called "Watergate" have unearthed some dishcartening words and deeds by some of our government's leaders; but, at the same time, our system of justice continues to prove itself remarkably capable of ferreting out and punishing the wrongdoers.

No one who knew what he was talking about ever claimed that our peculiar system of government would not require some risk and sacrifice. But our citizens, time and again during the past 200 years, have shown themselves willing to take those risks and make those sacrifices to preserve a system that is far better than any other that has been devised for the happiness and progress of people.

Judge Learned Hand once observed that "liberty lies in the hearts of men and women. When it dies there, no constitution, no law, no court can save it."

The latest Gallup poll shows clearly that, whatever our problems, liberty is indeed alive and well in America.

Bloomington Dam Work Contracted

Two contracts have been awarded for the Bloomington Dam project on the North Branch of the Potomac river, Robert Craig, resident engineer for the Corps of Army Engineers, announced Tuesday.

One is for the construction of a 1,215-foot spur line from the relocated Elkins subdivision of the Western Maryland railway up Three Forks Run in Garrett county to the former Vindex area.

Mr. Craig said that the L. G. DeFelice and Sons firm of North Haven, Conn., was the successful bidder at a price of $3,218,501.

B. H. Mott and Sons, Inc., Huntington, W. Va., was awarded the contract for the valley floor and Maryland abutment grouting job. The firm's bid was for $798,712.

This is calculated as very dangerous and difficult as the Maryland abutment rises almost 300 feet at a 90-degree angle to the river valley floor.

The DeFelice company, contractor on the outlet tunnel on the West Virginia side, is proceeding with concreting arch work at the top of the tunnel. The first contract on the project will be finished by the first week of August, the engineer reported.

This is being handled by the S. J. Groves and Sons of Pennsylvania, and included the construction of six miles of relocated Western Maryland road bed from Beryl to the top of the dam on the Maryland side.

The railway which will be inundated when the dam is completed, is now on the West Virginia side of the river. The relocated road bed goes up the steep side of Backbone mountain.

The Green Construction company has the remaining stretch of railroad and is ahead of schedule in its work. The railroad will return to the West Virginia side of the river in the vicinity of Kitzmiller.

Programs handled by the agency as reported by Mr. Rinard, include "Early Childhood Development" with a staff of 14 and a budget of $131,000. One hundred twenty-nine children are enrolled in the program where visitors go into isolated homes once a week for programs with parents and children. Communities served include Finzel, New Germany, Jennings, Bittinger, Accident, Swallow Falls, Oakland, Kempton, Table Rock and Gormania.

An equipped mobile van goes into outlying areas once a week with eight stops including Shallmar, Kitzmiller, Swanton, Walnut Bottom, Crellin, Loch Lynn, Grantsville and Friendsville. Senior citizens' programs are aided by a budget of $23,000 for program support and development, and $65,000 for a nutritional program. Funds come from Commission on Aging through Title three and seven of the Older Americans Act.

It also coordinates housing rehabilitation of the elderly.

The Maryland Service Corps was contacted by Community Development for volunteer service in the county and 12 people were aided by a reimbursement program. The program also works with problems of tenants. There are other programs currently underway in the county by the agency and additional information is available at the Community Action Office.

A program on Freezing, Canning and Drying Foods will be conducted by the Garrett County Cooperative Extension Service on two separate dates. The first program will be held in the Community Room of the First National Bank of Oakland on Monday, July 1, 7:30 p. m. A similar program will be held on Monday, July 8, at 1:00 p.m. in the Instructional Building at Garrett Community College, Mellenry. With the constant updating of canning methods and the improvement of equipment, the individual interested in home food preservation should be prepared ahead of time for preserving foods produced in the harvest season ahead, Mrs. Denison said. The program is open to any individual interested in preserving fruits and vegetables during the coming harvest season.

Wildlifers Study Grouse Population

Reports from 57 hunters have enabled the Wildlife administration to prepare a study on the grouse population levels in the four Maryland counties where they exist.

With the exception of this county grouse populations appear to have been low for the past year. This is because grouse are a cyclic species and populations go up and down in spite of management efforts to stabilize their level. Maryland and neighboring states are at a low point on the cycle at this time, and officials are hoping for things to improve in the fall.

The Garrett report showed 1.6 flushes per hour.

In an effort to continue this study the adminstration is requesting that all hunters wanting to assist, keep a flushing record. Flushing records and instructions for their use may be obtained by writing to Robert L. Miller, Forest Wildlife program director, Wildlife administration, Department of Natural Resources, Tawes State office, Annapolis, after September 15.

Aronhalt-Preston Nuptials Solemnized Eleventh Of June

Miss Sandra L. Preston, daughter of M Sgt and Mrs. Bayton A. Preston, Pinkham avenue, Somersworth, New Hampshire, and Ronald E. Aronhalt, son of Mr. and Mrs. Raymond Aronhalt, Jr., of Oakland, were united in marriage in a ceremony at St. Martin's church of Somersworth on Tuesday, June 11.

Given in marriage by her father, the bride wore a formal length gown of silk. The bodice of Alencon lace was trimmed with flowers and pearls. A large front panel enhanced a silhouette skirt bordered with lace as the detachable train. She wore a lace covered Juliette cap matching the dress, with short bouffant veil. She carried a colonial bouquet of white daisies, blue baby breath with a cascade of white ribbon.

Miss Linda Preston, sister of the bride, her maid of honor, wore a pale blue dress of peau de soie. She carried a bouquet of yellow daisies and blue stephanotis, and was escorted by Jeffery McKinnon.

Miss Chrystal Preston, flower girl, wore a pale blue gown of dotted swiss and carried a basket of white daisies trimmed with blue ribbon. She was escorted by Scott Preston. Todd Preston carried the rings on a white satin pillow.

Bridesmaids were Lori Dibble, Delanson, N.Y., escorted by Noel Preston; Kathy Allain, escorted by Ricky Angell; Celine Angers, escorted by Bill Clark, wore blue gowns with long sleeves and high lace collar. They carried colonial bouquets matching the one of the maid of honor.

Noel Preston was best man.

Mother of the bride escorted by Mr. Aronhalt, father of the groom, wore a light pink dress with silver accessories. The groom's mother wore an aqua blue dress adorned with a corsage of daisies and carnations, to escort her son to the altar.

Father Thompson, of St. Martin's church, received and blessed the exchange of vows.

A reception was held at the home of the bride. Mrs. Louis Trundy cut the cake, Mrs. Julius Pokrzywinski was in charge of the punch bowl and the gift book, with Mrs. Earl Dibble at the guest book. After dancing with guests the bride and groom opened gifts.

The newlyweds planned a cross country honeymoon trip to his newly assigned base.

The bride graduated from St. Thomas Aquinas high school, class of 1974. The groom, of Oakland, graduate of Southern High school, class of 1971, is now serving in the U.S. air force. They will make their new home at Vandenburg air force base in California.

A liberty bell and lilies. Both symbols of freedom.

Nearly two hundred years ago, a bell proclaimed our release from political domination. The Founding Fathers gave us our liberty, and today we reap the benefits: a man can speak his mind without fear. This is freedom.

The lilies represent another kind of freedom. Synonymous with Easter, they are symbols of the greatest freedom of all, the freedom from death.

With its promise of everlasting life, with its hope for an eternal spring, the Christian message today rings across the land with ever increasing clarity.

Renew your own freedom. Go to church.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

AMAZING GRACE!

Lesson for June 30, 1974

Background Scripture: Ephesians 2:1 through 4:16.
Devotional Reading: Ephesians 2:1-10.

The old hymn, "Amazing Grace," has become a contemporary favorite. One hears it, not only in churches, but from jukeboxes, disc-jockey programs, dance halls and rock concerts.

What is the source of this hymn's great popularity? It has been suggested that its simple but plaintive melody is its greatest attraction. Singers find it easy to style to their own needs and talents.

Rev. Althouse

Beyond this melody, however, I hope people also are mindful of the message of its words. The title itself is a summary of the whole hymn: God's grace is amazing, or, to put it in contemporary terminology, the love of God "boggles the mind"!

God's lavish goodness

The first chapter of Ephesians is a poetic testimony to God's "mind blowing" love. The writer pours out ecstatic testimony to the amazing goodness of God "who has blessed us in Christ with every spiritual blessing in heavenly places . . ." (1:3). This includes "redemption through his blood, the forgiveness of our trespasses, according to the riches of his grace which he lavished upon us" (1:7,8).

What makes God's grace so "amazing," is not just that God loves us, but that he is so "lavish" with this love. The Christian does not deserve God's love. He cannot claim God's mercy. (In fact, this is what "grace" means —undeserved love!) Yet we get far more than sheer mercy. He not only forgives us, but shares with us Christ's glory (1:11). What makes this grace so "amazing" is that it goes infinitely beyond what we deserve and even far beyond what we could even dream!

To "unite all things . . ."

So, says the writer of Ephesians, though we estrange ourselves from God, nevertheless, this God pursues us with his amazing grace and reunites us with Himself, redeeming us from our alienation. God's "amazing grace" heals the impossible breach between us and himself.

But that is not the end of his fantastic plan.

Not only does he unite us to himself, but also with each other! His eternal purpose, his "plan for the fullness of time," is "to unite ALL things in him, things in heaven and things on earth" (1:10). Thus, God's grace is "amazing," not only in that it unites us with him, but with others as well.

So God's love is "mind blowing" both in what it gives to us and also in what it expects of us. This is not some incidental idea on God's part, but the central purpose of his eternal plan. It is part of his masterplan: "He destined us . . ." and "chose us in him before the foundation of the world" (1:4,5).

God's grace is truly "amazing," because of the riches of love it both brings to us and calls from us.

American Freedom and Christian Responsibility

By Rev. W. H. Leake, Deer Park, Md.

I am often asked the question, "WHAT CAN BE DONE TO KEEP AMERICA FROM BECOMING ATHEISTIC AND COMMUNISTIC?" The following is a list of things we can all do to help save our nation from this horrible fate: By praying for an old fashioned revival; By working for the election to public offices in our land, men who believe in the constitutional type of government in which our founding fathers believed; By taking an active part in civic affairs, the PTA, etc.; By writing our elected representatives and letting them know how we feel on the issues of the day, also writing letters to the editors of our papers and magazines, contacting radio and TV stations to let them know how we feel. Most important of all we can live dedicated, consecrated lives for Jesus Christ.

REMEMBER: NO ONE WINS WHEN FREEDOM FAILS, THE BEST MEN ROT IN FILTHY JAILS, AND THOSE WHO CRIED, APPEASE, APPEASE, ARE HANGED BY THOSE THEY TRIED TO PLEASE.

Due to our church co-operating in the Tent Crusade with the Paul Secords, we will not have Sunday Evening or Wednesday Evening services at Deer Park Assembly until the Crusade is over. However, we will have Sunday School for all ages at 9:45 a.m. and Sunday Morning Worship at 10:45. COME AND TAKE A STAND WITH US FOR CHRIST AND COUNTRY!

OPEN LINE

By
Congressman Goodloe Byron
Maryland—Sixth District

This regular column gives me another vehicle to keep in touch with all segments of my constituency. It is an open invitation for you to question me on issues of interest to you with your problems, request information or comment on whatever happens to be on your mind. Letters should be sent to me, c/o U.S. House of Representatives, Washington, D.C. 20515. While space is obviously limited for printing all replies, I shall make every effort to answer each person who contacts me.

The following questions were typical of the kind asked of me in recent weeks.

Where do you stand on health legislation?

I have co-sponsored the Medicredit Bill which provides for medical and hospital care through a system of voluntary health insurance. In short, this legislation makes it possible for every individual to obtain comprehensive medical and hospitalization insurance to protect against ordinary and catastrophe expenses of illness, regardless of prior medical history and on a guaranteed renewable basis.

Do you have any information on "Truth in Lending"?

An excellent booklet explaining consumer's rights under federal law in obtaining full information on credit terms is available free from Consumer Information, Pueblo, Colorado 81009. Just ask for pamphlet 075B—"Truth in Lending."

Please explain the Freedom of Information Act recently passed by Congress?

As originally enacted in 1966, the Freedom of Information Act required the federal government to make documents available to citizens who requested them unless the material fell into certain exempted categories. The new bill was designed to broaden accessibility to information by prohibiting delays in supplying government materials and by holding federal officials accountable for withholding documents.

What is the budget for NASA and what programs are the monies used for?

Congress recently authorized the National Aeronautics & Space Administration $3.2 billion—the second smallest amount appraved for the U.S. space program since 1962. The bill expands funding for development of a reusable space shuttle, authorizes funds for the 1975 joint U.S.-Soviet manned docking mission, approves monies for programs applying space technology to the earth's problems—including energy research and development, and includes funds for further lunar and planetary exploration.

How did you vote on the Deepwater Ports Bill?

I supported final passage for the legislation which authorizes the Secretary of Interior to grant licenses for construction of deepwater ports off the territorial waters of the United States, after it was determined the construction of a port was in line with the land and water use laws of the adjacent state.

Inflation picked up the first quarter of 1974 but the Gross National Product dropped 6.3 percent during the same period, reports say.

Capitol Comment

By Charles McC Mathias
U.S. Senator

Cutting the College Cost Crunch

One of our firmest national commitments is that cost shall be no bar to the opportunity of every child in America to have a college education.

That commitment, however, is now in danger of being undermined. College costs have increased five per cent over the past year, and the cost of a public college education has risen 26 percent over the last five years.

That means that a family sending a child to a four-year college can expect to spend from $5000 to more than $20,000 before graduation.

Some families are fortunate enough to be able to absorb mounting college costs. Some poor families often qualify for scholarships. Caught in the middle of the college cost crunch, however, are middle-income families. Their income is insufficient to pay the college bills but too high to qualify for scholarship assistance. Their only choices are to go deep into debt or forego college altogether. That is a tragedy that we can not allow to happen.

The federal student loan program that was established to help relieve the cost burden has been only partially successful. Because of high interest rates, insufficient federal funding and bureaucratic problems, fewer students received loans this past year than the year before.

There is another approach, which I am proposing through legislation I have introduced in the Senate. It would give tax relief to parents and students who pay the costs of a college education.

The measure would provide an income tax credit of up to $325 on tuition, fees, books and supplies. Anyone who pays these expenses for a college student would be eligible according to a sliding income scale.

The legislation also covers post-secondary students in accredited business, trade, technical and other vocational schools.

If we are to adhere to our commitment to prevent cost from becoming an obstacle to a college education, we must act quickly to assure that children of middle-income families are not eliminated from the college market. Tax credits are a reasonable step in this direction.

Your views on the subject of this week's column are valued. Please write me at 360 Russell Senate Office Building, Washington, D.C. 20510.

That Pest, The Thistle

Jacob Brown asserts that the Thistle family from northern Ireland came to western Maryland in the latter part of the 1700's and settled along the old Braddock Road, where they became good farmers in spite of not previously being adapted to forest life. In fact, one Thomas Thistle had a tavern on the eastern side of Negro Mountain.

Thus we think well of these pioneers, but hardly well of the gregarious pest that bears the name of thisle. Most of us feel that the Canada or Scotch thistle is a real nuisance, especially the small silky white sails which come flying on the breezes to invade good pasture-land or abandoned fields. Since the plant is so rugged in its root system, consisting of underground stems, farmers have had difficulties in eradicating the thistle. When possible, many people had the roots torn out, one by one, and the plant upturned. But scientists say that part of a root begins a new plant. Plowing often fails to reach the root, so weed killers may be used, but they often destroy other plant life there.

Such is the degree of the nuisance that Thomas Carlyle includes destroyers of thistles in his list of English heroes.

All the Heroic Souls that ever were in England, each in their degree, all the men that ever cut a thistle . . . did or said a true and valiant thing in England."

But at one time in history, thistles were beneficial. They are now the symbol of Scotland because of a happening at Largs, in the eleventh century. The Danes, with their king, Haakon, attacked the Scots at night. These invaders fell into a ditch full of Scotch thistles, crying out with pain from the pricks and alerted the Scotchmen to defend themselves.

There is an ancient Scottish order of knighthood, now one of the eight honorary orders of Great Britain, awarded to a man for valuable service to the country. It was supposedly established in 787 and dedicated to the honor of St. Andrews, patron saint of Scotland. James II of Scotland revived it in 1687 and Queen Anne reestablished it in 1703 after it was swept away in the Revolution of 1688. It includes the ruler on the British throne and 16 knights.

Thistles belong to the composite family of plants. The thistledown is used by goldfinches for lining their nests, at the end of the blooming season. The seeds have attachments which hold them quiet in moist air and release them in dry currents. They float many miles at times, much as we once sang of them in a school song, "I saw a fairy airship go floating down the lane. The breezes bore it upward and let it down again. A saucy little bird man, looked like an elf, indeed. I asked "What is your name, sir?" He answered, "Thistleseed." The song concludes with what we country people see each year, but perhaps not with the light feeling. "And then across the meadows he steered his airship right, and soon among the grasses had disappeared from sight."

Speicher family reunions have been held since 1959, and this year, there was a good attendance of younger members of the family.

Mr. and Mrs. Clayton Speicher of Accident were the hosts. The next reunion is set for the fourth Sunday of June 1976, at the Accident fire house, with Bernice Speicher Zehner of Somerset, Pa. selected to head the arrangements, with Nellie Speicher Kleinklaus as secretary.

Gifts were presented to the oldest member of the family attending, to the youngest person, and to the person traveling the greatest distance. Charley Browning, Heather Kline, and William Speicher were the recipients, respectively.

FORD PINTO:

The lowest priced* four-cylinder car made in America.

As a matter of fact, it's priced $367† less than VW Super Beetle.

Price and Selection.
Pinto prices start at just $2,482 (base model sticker price excluding destination charges, dealer prep., title and taxes). Pinto is priced less than Vega, Datsun B210, Toyota Corolla 1600. And lower than VW's best seller by $367.† And besides the basic two-door, there's the sporty three-door Runabout and Pinto Wagan, the best selling station wagon in America, regardless of size.

Higher Resale Value than its Competition.
Resale value says a lot about quality. You should know that both one and two year old Pintos returned a higher percentage of their original sticker price than Vega, VW Super Beetle or Datsun 1200. (Based on a recent notional overage of NADA used car retail prices.)

35 Big Car Safety Features.
A Ford Pinto has 35 of the same type of Lifeguard Design Safety Features found in larger cars like the Ford LTD, including side door beams, 5 mph protective bumpers and 33 others.

Rack and Pinion Steering.
The durable Ford Pinto is the only American-made sub-compact from a major manufacturer to offer rack and pinion steering as standard equipment. To help make handling precise and parking a breeze.

Gas Mileage: 28.1.
Recently, a Pinto was driven over highways from Phoenix to Los Angeles, never exceeding 50 mph. It was equipped with standard 2000 cc engine and 4-speed transmission, broken in to simulate 6000 miles of normal driving. The Pinto averaged 28.1 mpg! Of course, gas mileage depends on maintenance, driving habits, vehicle weight, road and driving conditions and you might not get the same results because no two drivers are exactly alike.

Economical Four-Speed Manual Transmission Standard.
Other American-made sub-compacts (like Vega) charge extra for a four-speed.

America's Smallest Gas-Stingy Four-Cylinder Engine.
While the makers of same so-called economy cars don't even offer a four-cylinder engine, Ford Pinto offers two. A 2.0 liter, the smallest displacement engine made for any American car by a major manufacturer, and on optional 2.3 liter.

$2,482‡

(Base sticker price excluding dealer prep, destination charges, title and taxes.)

Is it any wonder it's outsold every other sub-compact in America since its introduction.

*Based on a comparison of base model sticker prices of 4-cyl. cars from major American manufacturers. Destination charges are not included and may affect this comparison.

John Birch Is Not a Dirty Word!

The John Birch Society is a voluntary group of men and women who have joined together to promote, more effectively the principles in which they believe.

Politically speaking, we are usually described as "conservatives," which does not accurately describe our point of view. Today's conservatives are the people who wish to conserve and expand the present programs that dominate our government and our nation. We DO NOT want to conserve and expand the present system of high taxes, deficit spending, expanding welfare programs, foreign aid, leniency to criminals, no-win wars, and ever-increasing government controls. These are the bastions of Liberalism. Yesterday's liberals are the conservatives of today.

Economically speaking, we believe in the system of free enterprise — with a minimum of government interference. This system no longer functions in America — and daily we see expanding government destroying the incentive of its citizens to continue producing. Yet the voter is told that capitalism is in crisis — and the only solution to replace it is Socialism. Good grief, it was replaced with socialism years ago! The failures of today are socialist failures, not capitalist failures. Socialism is in crisis, as it always has been.

Socially speaking, the John Birch Society is committed to preservation and strengthening of the family as the basic unit in society, for practical as well as moral reasons.

Spiritually speaking, we proclaim the importance of a spiritual relationship with God as the indispensable foundation, not only for national morality, but also for freedom (which is a gift "endowed by our Creator"). We believe that God's principles apply in every aspect of society — and we are committed to applying them. We don't just talk and pray about what we believe (James 2:14-18) — we pray first, and then ACT. For example, we pray for our Christian brothers in concentration camps in Siberia, and then we spend our time and money in effective (and legal) efforts to stop our government from aiding their captors WITH OUR TAX MONEY!! (I John 11, I Peter 2:14, Romans 13:1-4). We are "wise as serpents, and harmless as doves." We promote gradual change by legal processes. (Mt. 10:16-18).

The Society was named after Capt. John Birch, a missionary to China who served under Claire Chennault in WWII. He was murdered by the Communists for speaking out against the rulers of darkness of this world. (2 Tim. 3:12). A fundamentalist preacher who recently joined the John Birch Society said, "I am joining because I am certain that these are the last days — and when Christ comes I want him to see me fighting on his side!" The best evidence that we are a righteous and effective group is the fact that we have been so vilified by the media guns of the Eastern Establishment (the CFR). (Mat. 5:10-12).

ACTION CHRISTIANS, we would consider it a privilege to have you among us.
Eph. 6:10-12

Health Department Announces Fee Schedules For Certain Clinics

Beginning July 1, 1974, a fee schedule will go into effect for several clinic services offered by the Garrett County Health Department. The clinics affected will be Well-baby, Screening, Maternity and Pediatric Clinics. No patient will be turned away or refused service for not being able to pay, but the following minimal fees will be requested: Physician visit — $3.00. Pediatric Nurse Practitioner or Midwife Visit — $2.00. Public Health Nurse Visit — $1.00. The following clinics will NOT have a fee: Orthopedic, Brace, Ear, Nose, and Throat, Vision, Speech, Posture, Plastic, Seizure, Chest, V.D., and Diagnostic and Advisory Clinics. A fee schedule will be established later in the year in Family Planning Clinics. Fees will also be charged for continuing treatment after initial evaluation in the Mental Health, Youth Counseling and Alcoholism Programs. These fees will be: Psychiatrist Visit — $6.00, Psychologist or Social Worker Visit — $3.00. Visits with the counselors will continue to be at no charge. Initial Evaluation by all mental health staff will be at no charge and a discount will be available for those requiring continued treatment but unable to pay the full Mental Health fees. The fee for out-of-state residents for all services will be twice that of the above fees cited for Maryland residents. No fees will be charged to persons who have a valid Maryland Medical Assistance card. The fee schedule has been started in order to generate a small portion of the cost of provision of direct clinical services, and to permit patients utilizing these services to contribute to defraying these costs.

Listen, Americans!

By DR. GEORGE S. BENSON
President—National Education Program
Searey, Arkansas

Alexander Solzhenitsyn could change the world with his "Gulag Archipelago" by shocking millions, as they have never been shocked before, with the truth about Communism.

The die well may be cast in the manner in which the communications facilities of the world, and particularly those of the United States, handle the Solzhenitsyn expose. In a documentary "News Special" on Sunday night, Jan. 27, the National Broadcasting Company presented a shattering indictment of Communism based on Solzhenitsyn's massive accumulation of documented facts. The indictment carried the charge that Communism is evil, that its goal of world control has not changed, that its horrible atrocities against humanity have not diminished, but enlarged, since the death of Stalin. It was a broadcast and a development in journalism to bring momentary joy to all those in America who have been warning the nation for years of the facts published by Solzhenitsyn — while constantly facing a barrage of smothering criticism and ridicule at the hands of major media, the university-based intelligencia, and much of the so-called leadership in Washington during the last 30 years.

In the NBC Special, Professor Peter Redeway, visiting professor at Columbia University (from London), was presented by NBC as an internationally recognized expert on Soviet affairs. He said there is a very strong tendency in the Western world, especially in the U.S., to admit that awful things have been happening in Communist Russia; and that the prevalent Western opinion, especially in the U.S., is that they can do business with Soviet Communism. When one looks closely at the people who run the Communist system and at the true nature of the system itself, the Soviets do not show any evidence of changing, Professor Redeway said.

But the joy was short lived. In a comprehensive news report from Saigon, South Vietnam, immediately following the Solzhenitsyn telecast NBC carried on its habit of many years—of serving the Communist cause. Its Saigon reporter spent 5 minutes castigating President Nguyen Van Thieu of South Vietnam. He condemned the anti-Communist South Vietnam leader (as the networks have done regularly for years) for various alleged shortcomings, "militarism," failure to permit a free election, and refusal to really settle with the North Vietnam Communists (he called them the "Viet Cong") and end the war. (These were opinions, not facts.) He said Thieu had not been elected legally. The whole presentation gave aid and comfort to the Communists.

In an article in the February Reader's Digest, Professor Edward Jay Epstein, a journalist who had taught at Harvard and M.I.T., has written, "The Strange Tilted World of TV Network News." In it he says:

"Early every weekday evening, 50 million Americans settle down before a television screen to get their main dose of events of the day. It's network news time, time for Walter Cronkite, John Chancellor or Howard K. Smith and Harry Reasoner to tell us what's going on in the world. But is it the straight word we get? Unfortunatley, no. The report is loaded with bias." The bias, Epstein says, "is not a product of the newsmen's personal dishonesty or connivance. Rather it is the product of a reporting system "

Many prominent newsmen in and outside TV "journalism" have made statements not entirely in agreement with Dr. Epstein on this latter judgment. Personal prejudices are involved, they say. Howard K. Smith, of ABC, for instance says that TV journalism has not told the American people the truth about events in Vietnam because they are "advocacy" journalists, in a sense "Anti-American" on the Vietnam situation.

At any rate, the communications industry, of which the TV networks have become dominant must be held largely responsible for whatever the public does as a result of Alexander Solzhenitsyn's last call to the free world to halt the advance of Communism.

Energy Crisis Is Homemaker Topic

Environment and the Energy Crisis was the topic for the Oakland Homemakers' meeting June 13, presented by Mrs. Jolene Nelson, home service representative of Potomac Edison. Twenty-four were present.

The club presented Mrs. Dorothea Bittinger, member with a token in recognition for recently becoming a U.S. citizen. Partial scholarships were given to two county 4-H club members, a project made possible by a free will offering taken at each meeting.

A club bake sale auction was held, realizing $51. This made a total contribution to the Southern Rescue squad fund drive of $62.

Meetings are held the second Thursday of each month, at 7:30, in the Oak Park church basement.

FRESH FRUITS-YEAR ROUND

One of the wonders of freezing is that strawberry time never needs to end. Peaches with a fresh-picked flavor and juiciness of summer are at home in midwinter meals.

If there is any rule a cook experienced in freezing fruits can give a beginner, is: Freeze the best. That means ripe, full flavored fruits and berries. Handle them gently to avoid crushing and use imagination with them in meals.

Fruits should be riper for freezing than canning—"eating ripe." Tree and vine-ripened fruits have superior flavor and more vitamins than fruits picked green, then ripened. Discard immature fruits.

When freezing, it is better to complete task quickly, within an hour. For this reason, large quantities of fruit should not be prepared at one time.

Since iron causes many fruits to darken, knives, mixing bowls, pans, and other containers should be of a stainless steel or other non-corrosive material.

THE REPUBLICAN

VOLUME 98 | OAKLAND, GARRETT COUNTY, MD. JULY 4, 1971 | PER COPY 15c | NUMBER 18

Good Government . . .

Thomas Jefferson, author of the Declaration of Independence and third president of the nation he helped found, summarized the American spirit and established a criterion for good government in his first inaugural address, March 4, 1801.

The beauty of his language and the challenge he makes in this paragraph seem particularly meaningful as we celebrate the 198th anniversary of our freedom this July 4th.

"Let us, then, with courage and confidence pursue our own Federal and Republican principles, our attachments to union and representative government, kindly separated by nature and a wide ocean from the exterminating havoc of one quarter of the globe, too high minded to endure the degradation of the others, possessing a chosen country, with room enough for our descendants to the thousandth generation; entertaining a due sense of our equal rights to the use of our own facilities, to the acquisitions of our own industry, to honor and confidence from our fellow citizens, resulting not from birth, but from our actions and their sense of them; enlightened by a benign religion, professed, indeed, and practiced in various forms, yet all of them inculcating honesty, truth, temperance, gratitude, and the love of man; acknowledging and adoring an overruling Providence, which by all its delights in the happiness of man here and his greater happiness hereafter—with all these blessings, what more is necessary to make us a happy and a prosperous people? Still one thing more, fellow citizens—a wise and frugal government, which shall restrain men from injuring one another, shall leave them otherwise free to regulate their own pursuits of industry and improvement." Another gem from the Industrial Press Service of Washington.

190 Attend Annual Historical Banquet

Lt. Gen. Claire E. Hutchin, Jr., entertained approximately 190 persons last Thursday evening at the annual banquet and business meeting of the Garrett County Historical Society at the Grantsville Fire Hall.

Lt. Gen. Hutchin spoke on the Bicentennial celebration in 1976, and various ways the local group can get involved.

Judge Lewis R. Jones was master of ceremonies, and Rev. Lawrence E. Sherwood, D.D., gave the invocation. President Thomas Butscher also addressed the group.

At the business meeting following Lt. Gen. Hutchin's remarks, it was noted that the Oakland-Mt. Lake Park Lions Club had donated $50 toward purchase of a new furnace for the Garrett County Historical Museum. Several memorials, in memory of Harry L. Stemple, J. Gordon Mealy, and Mrs. Paul Naylor, have also been contributed toward purchase of the furnace.

Election of a secretary-treasurer and three Board members was also held. Mrs. Dorothy Cathell, presently serving as secretary, was elected secretary-treasurer. President Thomas Butscher and vice president Randall Kahl will remain in office until their present terms expire.

Re-elected to the Board were Mrs. Vernie Smouse and Mrs. Mary Strauss. Mrs. David (Maxine) Broadwater, of Grantsville, was elected as a new Board member.

Jr. Woman's Club Glass Collection Yields Eleven Tons

The largest collection made so far was on Friday, June 7, when 3½ tons of glass were brought to the collection station at Browning's Foodland parking lot near Oakland. Much of the credit for collection of this huge amount of glass was due to efforts of ecology-minded citizens from the northern part of the county.

The next collection date for glassware is this Friday, July 5, from 9 a.m. until 8 p.m., at the Browning Foodland. Participants are asked to remove all metal rings from their bottles and jars and to sort glassware by color. Paper labels may be left on.

It was pointed out that Mr. Harris encouraged and assisted in developing the Junior North Garrett FFA two years ago making him the only administrator in the State of Maryland with two Chartered FFA Chapters in a school with one Vocational Agriculture teacher.

Larry Lewis Is Improving at Home

Larry Lewis, Hoyes, who was injured while on duty as a flagman for the Garrett County Roads Department last Wednesday, is improving slowly at his home, where he was returned Monday eveing.

Larry was struck by a pick-up truck operated by Walter Leonard Haenftling, also a county roads employe, who was driving from one end of the Mellenry work site on Deep Creek Drive to the opposite end when the tragedy occurred.

According to eyewitnesses of the accident, there were no indications of horseplay or joking while on the job in either of the two men involved, contrary to the story which appeared in The Republican last week.

Mr. Lewis was acting in his capacity as flagman beside the right rear of a truck where men were working when he was struck by the Haenftling vehicle.

According to several men at the scene evidently Mr. Lewis thought that Mr. Haenftling was going to stop, and Mr. Haenftling thought Lewis would step out of his way.

Haenftling has been charged by Maryland State Police with operating at a speed greater than reasonable.

THE COUNTY FLAG, in all its glory, is displayed above by Wayne Hamilton, president of the son, who made the flag and presented it to the copel, county commissioners, and Mrs. William Pattison, who made the flag an dpresented it to the commissioners on Monday. The flag was formally adopted by resolution and appropriate motion July 1 as the official county flag, and it will be displayed in the commissioners office between the United States and Maryland flags. Colors of the nylon flag, appliqued entirely by hand by Mrs. Pattison, are peacock blue, Christmas green and white. The snowflake, sailboat, and leaf designs represent the outdoor recreation and natural wonders of the county. Ann Stanton's design for the flag won a Historical Society contest conducted during the county centennial celebrations in 1972, and his design was enlarged for the present flag. It is an open invitation for you to question me on issues, let me assist you with your problems, request information or comment on whatever appears to be on your mind. Letters should be sent to me at U.S. House of Representatives, Washington D.C. 20515. While space is obviously limited in printing your letters, I shall make every effort to answer each person who contacts me.

The following questions were typical of the kind asked of me in recent weeks:

Did you support last week's amendment to the Housing & Community Development Bill concerning social security increases

Yes. The amendment to which you refer exempts increases in Social Security benefits, after June 1974, in computing income eligibility for public and federally subsidized housing and the amount of required rent for such housing. The Housing & Community Development bill passed the House 351-25 as did this particular amendment, 285-114.

What is the exact of foreign investment in the United States?

The Senate Commerce Committee estimates foreign investment in the U.S. to be around $58 billion. Because this figure is an uncertainty, however, Congress has authorized the Secretaries of Treasury and Commerce to conduct a comprehensive study of foreign investment.

Issues to be considered include the nature, scope, magnitude and rate of investment, reasons for it, impact on American business and on U.S. policy, the effect of U.S. laws and policies, geographic distribution and impact and the adequacy of information, disclosure and reporting requirments.

What is the status of budget reform legislation.

On June 21, Congress cleared legislation to set a framework for more timely and responsible congressional action on the federal budget.

I am curious as to what the main issues are in the mail you receive at your office?

This past month I have received the most pro and con mail on land use legislation, inflation and high food prices, Watergate, tax reform legislation and the congressional budgetary process.

Rep. Hogan Files For Governor

Rep. Lawrence Hogan, charging that the Democratic administration of Gov. Marvin Mandel has had abuses of power similar to those surrounding President Nixon, announced last Thursday his Republican candidacy for Maryland's governor.

Hogan said there are striking similarities existing on the state level in Maryland with those of the president. Hogan is 45 and a three term Congressman from Prince Georges county.

The candidates alleged that Mandel and his fund raisers have collected political contributions from businessmen and special interests who believed they would get something in return for their money.

The accusations by Hogan were the second political salvo directed against Mandel last Thursday by an opponent.

Senate Majority leader Mr. George Snyder, D-Wash., filed governor in the Democratic primary and reiterated his contention that the goal of Mandel and his associates is to fatten the pocketbooks of special interests.

Both Snyder and Hogan alleged that contributions to Mandel and his ticket are linked to state contracts and favoritism.

Hogan's only GOP primary opponent to date is Louise Gore, a former state senator from Montgomery county.

Mathias Introduces Bill To Preserve Clara Barton Home

Senator Charles McC. Mathias, Jr. (R-Md.) has introduced legislation to preserve the historically important home of Clara Barton, founder of the American Red Cross, in suburban Montgomery County.

The measure, cosponsored by Senator J. Glenn Beall, Jr. (R-Md.) authorizes the government to acquire the house at 5801 Oxford Road, Glen Echo, along with whatever land around it the government deems necessary for the administration of the area.

The Mathias bill provides that the government then shall establish the area as the Clara Barton House National Historic Site to be administered by the Interior Department.

A hearing on the bill has been scheduled for July 11, before the Subcommittee on Parks and Recreation of the Senate Interior Committee.

Investigation Continues Into Johnson Death

West Virginia State Police from Kingwood are continuing their investigation into a shooting incident at Brookside June 7 which led to the death of an Oakland man.

Harold Griffith, 39, Horse Shoe Run, had been charged with felonious assault in the death of James Johnson, 32, Bradley Manor. Johnson was taken to West Virginia Medical Center, Morgantown, following the incident, when he was wounded in the head by a blast from a shotgun.

According to a spokesman for the West Virginia police, Johnson was firing a gun into his wife's house near Brookside in the early morning hours when he was shot.

June Is Wet, Chill; July Doing Better

June has been a wet chilly month with rainfall at 1.71 inches above normal and temperatures 3.8 degrees below normal. There was at least a trace of rain on 20 of the 30 days of the month. July has done better the first few days, sunshine and warmer.

Skies were cloudy and overcast from Thursday through Saturday. There was some sunshine Sunday with moderate to brisk winds most of the day. Heavy thunder storms occurred before dawn Monday. Skies cleared later in the morning and remained so through Tuesday. The weekend precipitation amounted to .24 inches.

After the chilly 60s last week the mercury climbed into the 70s beginning Sunday and into the 80s Tuesday.

Fresh to moderate breezes have been blowing since Sunday with a few calm periods.

June rainfall amounted to 6.39 inches or 1.71 inches above the normal of 4.68 inches. The two heaviest rain days were the 21st with 1.05 inches and the top being on the 23rd with 1.17 inches. Incidentally, June did not set a record for rainfall as in June, 1929, rainfall amounted to 10.96 inches.

Daytime temperatures for June averaged 71.6 degrees or 6.1 degrees below the normal. Two day of 80 degree readings could not offset the many days with readings in the 60s and low 70s. It was 83 degrees on the 9th and 85 on the 10th. Morning lows averaged 50.5 degrees 1.5 degrees below the normal. The coolest were 38 degrees the 13th and 39 the 18th. Three nights the mercury remained above the 60-degree mark.

ARC Funds Okayed For County Trash Disposal System

(Continued From Page One

contribute $151,455.

Wayne B Hamilton president of the Garrett County Board of Commissioners, who is also chairman of the Tri-County Council for Western Maryland said this health planning grant from the ARC originated in the Tri-County Council

This is the first project of its kind for the Western Maryland Appalahian area. Mr Hamilton pointed out

Hearings have been held for the personnel who will man the Bureau of Solid Waste Management Money for equipment has been budgeted this fiscal year in anticipation of the grant.

The Ronnd Glade Landfill will be located on an old strip mine about five miles north of Oakland on the Oakland-Sang Run Road on county property. The coal was stripped as the county did not own the mineral rights. The county has received authorization from the various state agencies to reclaim the strip mine site. It also has assumed the responsibilty from the coal operator for closing it in the landfill method such as the Holfman Landfill was done in Allegany County and the Westernport and LaVale Summit are being done now

The County Commissioners are soliciting contractors for the construction of dramage and the sediment pond at Ronnd Glade, Mr. Hamilton said

The Kitzmiller disposal site is at an old strip mine and is an open dump, which the State Department of Health and Mental Hygiene wants closed, Mr Hamilton noted

The Grantsville disposal is also an abandoned strip mine on state land, which has an exposed seam of coal which the state Department Natural Resources does not want to become ignited with hot rubbish

The leaf and container pick-up system will include green garbage containers which will be placed throughout the county and picked up by large trucks equipped with mechanical handlers.

Bicycles Now Have Rights on Highways

The idea of a "public bicycle road," endowing cyclists with as much right to be on the road as motorists, will become law in Maryland July 1.

Under Senate Bill 820 and House Bill 425, enacted at the 1974 session of the General Assembly, drivers must extend the same respect to people on bicycles as they would do other motorists. Cyclists, in turn, remain subject to the same traffic laws as motorists.

Besides enlarging the area where a cyclist can ride, the new law was also expanded to include a three-wheeled vehicle equipped with rear drive and one front wheel at least 14 inches in diameter. The law declares a bicycle is a vehicle "propelled exclusively by human power."

John F. (Jack) Browning, sheriff, filed in Annapolis last Friday as a Democratic candidate for the House of Delegates.

Mr. Browning is the first Democratic candidate to file in the L.A district which encompasses all of this county plus Barton, Lonaconing, Borden Shaft and Midland.

Mr. Browning, 55, resides in McHenry and was elected in 1970 as sheriff. Prior to that he was with the State Police for 28 years until his retirement. Born in this county he was a Navy veteran of World War II. He completed pre-flight training at St. Olaf College, Northfield, Minn., during his service duty.

Mr. Browning named his sister, Mrs. Mary Lou Scofield, Deep Creek Lake, as his campaign treasurer.

Delegate Gets Copy Md. Legion History

Delegate DeCorsey E. Bolden was presented a copy of the Maryland history of the American Legion, at the American Legion home in Midland on Monday evening.

Department historian, John J. Devlin, who worked for fourteen years compiling the hardback book, made the presentation in appreciation of the support that Bolden has given the veterans' programs in the Maryland legislature, including the most recent law that changed Memorial Day back to the 30th of May, and Veterans' Day to November 11, and also legislation creating the Maryland Veterans' cemeteries.

The book covers the history of the American Legion in Maryland from 1934 to and including 1969, and includes names of numerous posts' past commanders and adjutants and the years they served. It also includes names of Alex G. Hesen, Joseph M. Gonder and A. Claude Stanton, of Post 71, who served as Department Executive committeemen in the early 1940s. It includes the administration of Past Department Commander Lonnie Marsh of Post 71, who served in 1968-69. Others named are present day Department Executive committeemen, Paul W. Hoye, Jonas McKenzie and Ward Ashby. Recently elected committeemen include Charles C. Bender and Elbert Buckel Grantsville, and Doyton Alexander.

No Injuries Occur In Some Recent County Accidents

Several recent motor vehicle accidents around the county resulted in varying amounts of vehicle damage but no apparent personal injuries.

A double accident occurred on Md. Route 560 just south of Loch Lynn, 10:30 p.m., June 20.

Charles E. Sypolt, Albright, W. Va. was driving a rig north on Route 560 and Ray E. Shillingburg, RD 1, Gormania, was driving south. The left rear wheels of the rig hit the rear fender of the Shillingburg car which ran off the road and hit an embankment. Trooper J. E. Foley charged Sypolt with failing to obey roadway markings.

Immediately following, traveling south, was a car driven by George Allen Fickes, Crellin, who attempted to swerve to the left to avoid the other accident. His car went out of control, struck an embankment, came back across the road and off the right side. Tpr. Foley investigated this one also.

Everett D. DeWitt, McHenry; and Craig H. Holley, Porter, Ind., were traveling south on U. S. Route 219 near the Glendale road the evening of June 22. DeWitt swung into the northbound lane to make a wide right turn into a private road. Holley started to pass on the right when DeWitt turned into the side of the Holley car. Tpr. Foley charged DeWitt with making an improper right turn.

Christina L. Guthrie, RD 2, Oakland, was traveling east on Fingerboard road the evening of June 23 and John H. Beckman, RD 3, Deer Park, was driving west. The right tire of the Guthrie car blew out. The car then went out of control, skidded around and hit the Beckman car. Trooper Foley made no charges.

A one car mishap occurred on Route 560 near the Steyer Mine road the same evening. Donald E. Thorne, Masontown, W. Va., was traveling north when the car skidded on loose gravel, went out of control, ran off the road, struck an embankment and then hit a pole. Trooper Foley made no charges.

Harry M. Martz, LaVale, was driving east on U. S. Route 40 just east of Beall School road just past noon Sunday in the process of making a left turn into a restaurant parking lot (signal flashing). Lawrence A. Horton, Bethel Park, Pa., in a pick-up, driving east on Route 40 was passing several vehicles and did not see the Martz car signaling and hit it. Trooper Dale K. Williams charged Horton with passing on left when unsafe.

Edith Marie Cooper, RD 1, Deer Park, was traveling east on Potomac Camp road and stopped at Schell road Sunday evening. Darius G. Miller, RD 1, Lonaconing, driving west in a pick-up, was in the process of making a right turn but hit the Cooper car. Trooper Foley charged Miller with operating at excess speed.

Joseph L. Sines, RD 1, Oakland, stated he was ascending a grade in a dump truck last Tuesday afternoon when he shifted gears and the vehicle caught into two gears. The driver got out to correct the trouble when the truck ran away backwards over an embankment. Tfc. D. E. Tharp investigated the accident.

Two Sentenced Last Friday After Investigation

Two men were sentenced in District Court last Friday following pre-sentence investigations.

John Wayne Uphold, RD 1, Friendsville, had been found guilty of assault and battery at a trial last September 17. Friday, a three-month jail sentence was suspended and he was placed on probation to the Court for one year.

Donald Eugene Shafter, RD 3, Deer Park, was found guilty of carrying or transporting a loaded gun at a trial last August 30. At the same time he was found guilty of assault and battery and a pre-sentence investigation was ordered on both counts. At a hearing last Friday, he was fined $100 and $10 costs on the first charge. On the second charge a six-month jail sentence was suspended and he was placed on probation for one year to the Department of Parole and Probation and is to refrain from alcohol and drugs.

Donald Claude Landis, Oakland, pleaded not guilty of assault and battery on his wife, Mildred D. Landis, at her home in Kitzmiller on June 7. At the trial Monday he was found guilty and fined $100 and $10 costs while a 3-month jail sentence was suspended. He was placed on probation for one year, to be of good behavior and to refrain from any physical contact with his wife.

A charge of assault and battery against Zane T. Riggleman, Swanton, was dismissed as the wife would not testify against him.

A charge of a worthless check against Boyde W. DeWitt, Oakland, was dismissed as restitution had made been.

Discuss Neighborhood Youth Program

William B. Stemple, Manpower coordinator for the county; Dr. William H. Buser, county superintendent of schools, and members of the Board of Education discussed concerns relative to getting the summer program formerly known as the Neighborhood Youth Program, at the regular meeting of the county commissioners on Monday, July 1.

The program, formerly sponsored by the Board of Education was not started this week. The program is now funded through the Department of Labor rather than the office of Economic Opportunity. Under new financing the four Western Maryland counties agreed to establish the program through the Western Maryland Manpower consortium.

The board of education had indicated a willingness to sponsor the program. However, funds for paying the expenses of the program will not be available until after nearly one-half of the total salaries are paid. An unsuccessful effort had been made by the school superintendent to obtain advanced funding for the project.

The U.S. industrial production was said to be up in May.

A stolen art masterpiece was recently found in a London graveyard.

Regulations On Deep Creek To Be Aired July 17

Two public hearings dealing with Maryland's water quality control program, including changes in regulations at Deep Creek Lake will be held at Annapolis, July 17.

The Water Resources administration, Department of Natural Resources, will conduct the hearings both of which will be held in the Francis Scott Key auditorium, St. John's college.

One scheduled for 9 a.m., will be on proposals to revise, clarify and improve existing state water regulations.

The second, set to begin at 2 p.m. will be on Maryland's application to the Environmental Protection agency to be the administrator of the National Pollutant Discharge Elimination system

Under the state's proposal, applicants for discharge permits would deal with the state only, not both the state and the EPA as is now the case

The proposal, WRA says would eliminate duplication of effort by the state and the federal government and provide one-stop shopping for individuals and firms seeking discharge permits.

Much of the regulatory change to be discussed at the 9 a.m. meeting is technical. A number of language changes are also proposed to bring the regulations more in line with federal guidelines.

Another proposed change is addition of specific prohibited discharges regarding Deep Creek Lake from boats at marinas.

There is proposed to be a change in the language in the requirements for oil storage facilities, revisions and additional classifications of waters of the state; and changes in the organization of the regulations to make them simpler to locate certain requirements.

IN MEMORIAM

In memory of Harvey F. Arnue who passed away July 7, 1973.

The month of July comes with regret
It brings a day I will never forget.
The blow was hard, the shock severe,
We never thought your death so near.
Only those who have lost can tell,
The pain of parting without farewell.
We lost a loved one with a heart of gold,
Who was more to us than wealth untold.
The shock we received that morning no one will ever know.
God gave us strength and courage to fight that sudden blow.
I often sit and think of you,
When I am all alone.
In my heart comes a longing,
And it broke my heart to lose you.
But you did not go alone.
Because part of me went with you,
The day God called you home.
We have lost but God has gained
One of the best ones the world contained.
May God grant you eternal rest.

So dearly loved and
Sadly missed by
His wife, Hazel
His Children
His Grandchildren and
Great Grandchildren

In fact, no matter where you build it, a Lindal weekend-and-vacation retreat will bring nature back to you.

Through the natural warmth and clean scent of mellow, kiln-dried cedar; the spaciousness of cathedral ceilings and soaring window walls.

All made extra-snug and durable by steel-reinforced beams and double-thick interlocking walls, floor and roof decking.

True, our precut houses (delivered right to their building sites), can also save you money. But money is only part of the beauty of a Lindal cedar home.

Which is why half the people who buy our vacation houses choose to live in them the year around.

HONEY COOKERY ENJOYING BOOM

In three years, honey has gone from a surplus agricultural commodity to a near-luxury item on supermarket shelves and in health food stores. So it can no longer be considered a cheap substitute for sugar in home cooking even though the price of sugar has doubled in the last year.

But despite the lack of economic justification, honey cookery is increasing in popularity along with the rising interest in backyard beekeeping, according to Dr. Dewey M Caron, Extension apiculture specialist at the University of Maryland in College Park.

Dr. Caron attributes honey's current popularity boom to continued interest in natural foods and to a pair of unique attributes of honey—its hygroscopic and aromatic or flavor qualities.

The hygroscopic factor means that baked goods made with honey stay fresh longer than those made with sugar, thus helping to eliminate the need for artifical preservatives the Maryland Extension specialist explained.

In annual honey production, Maryland ranks about 28th or 29th among the 50 states Dr Caron reported, for behind the major honey producers like Florida, California and the upper Midwest. But being a relatively small state in geographical area, Maryland ranks among the top five states in density of bees per square miles, he noted.

And perhaps no state ranks ahead of Maryland in enthusiasm by members of the Maryland State Association for promoting their product It is one of the few states holding an annual statewide honey cookery contest in connection with the association's annual winter meeting. Qualifying from each class are published in a mimeographed booklet following each year's contest. And the booklets for recent years are available free in limited quantities from the apiary office, entomology department, 1313 Symons Hall, University of Maryland, College Park.

A book on honey may be ordered by sending a stamped self-addressed business-size envelope to Dept of Entomology, 2148 Nowell Hall University of Florida Gainesville and ask for free folder on "Sweets From Florida Honey

Dog license applications have been placed in various locations. Tags may be purchased in the county treasurer's office in the court house. A check may also be mailed to the court house for payment in care of the treasurer. A 30-day grace period will be allowed, the commissioners said.

WINNER BOATS

First company to build a stock fiberglass boat. They are engineered, designed and constructed to give a quality boat in safety and performance. Check their rating with Consumer Report.

The heart of WINNER is a patented, all-fiberglass hull re-enforcement "GRILLAGE." It's one rigid piece of tough, molded fiberglass. Where the hulls of other boats have wooden stringers that tend to rot, warp and lose strength, WINNERS have this exclusive "GRILLAGE."

Independent speed tests consistently show WINNER BOATS turning more miles per hour with less horsepower than other makes. This means you get top performance and still save on engine costs (and fuel) with a WINNER.

John Durst, Jr., Lynda Werner Wed June 24 At St. Paul's

Miss Lynda May Werner, daughter of Mr. and Mrs. Gordon A. Werner, Corriganville, became the bride of John Olin Durst, Jr., son of Mr. and Mrs. John O. Durst, Sr., Second Street, Oakland, in a double ring ceremony held at St. Paul's United Methodist Church, Oakland, on Saturday, June 29.

Rev. Lawrence Sherwood, D.D., officiated. Mrs. Margaret Feather, organist, accompanied Mrs. Jeanne Bartholomew, aunt of the groom, vocalist.

The bride, given in marriage by her father, wore a full length Empire styled gown of ivory polyester double knit. The Victorian collar and bib bodice were trimmed in matching lace, together with long tapered lace sleeves. The detachable chapel-length train of Chantilly lace edged in scalloped lace fell from beneath a bow at center back. Her veil of ivory bridal illusion was attached to a cluster of matching lace and seed pearl flowers. Both gown and headpiece were designed and made by the bride's aunt, Mrs. Maybel Griggs.

She carried a nosegay of white daisies with two red rosebuds, which she gave to her mother and the mother of the groom.

She wore a jade necklace on a gold chain, a gift of the bridegroom's great-grandfather to the bridegroom's grandmother.

Maid of honor was Miss Bessie Lynn Martz, LaVale. Bridesmaids were Miss Linda Bond, Frostburg; Mrs. Vicki Liller, Cumberland; and Mrs. Donna Durst, Oakland. Misses Amy and Angie Thomas, Oakland, served as flower girls, while Gregory A. Werner, Cresaptown, nephew of the bride, acted as ring bearer.

William S. Renninger, Salisbury, was best man. R. Marq Durst, Oakland; Stephen F. Durst, Morgantown, brothers of the groom, and Gary A. Werner, Cresaptown, brother of the bride, were ushers.

A reception followed in the church social hall. Mrs. Mary Ann Borden, Mrs. Maybel Griggs, Mrs. Jerry Beegle, aunts of the bride, and Mrs. Theda Martz assisted. Heidi Werner and Jill Werner, cousins, of the bride, distributed rice and almond packets. Mrs. Phyllis Barncord, Pascagoula, Miss., served cake, and Mrs. Jean Werner, sister-in-law of the bride, registered guests.

For a going-away costume, Mrs. Durst chose a blue and white pantsuit with matching accessories and a corsage of white rosebuds.

The bride, employed as a kindergarten teacher in Oakland by the County Board of Education, is a graduate of Mt. Savage High School and Frostburg State College, where she graduated with a B.S. in biology in 1970 and was certified in Early Childhood Education in 1973.

Mr. Durst is a graduate of Southern High School and attended Potomac State College and Garrett Community College. He is employed by the Garrett County Office of Assessments and Taxation in Oakland.

The newlyweds are residing at 509 I Street, Mt. Lake Park.

The bride was honored with showers given by Miss Bessie Lynn Martz, LaVale, and Mrs. Anne Bell, Oakland. A surprise linen shower was given by the bride's sister-in-law, Mrs. Jean Werner, Cresaptown.

KEEPING IN STEP

You don't have to be "square" to go to church. The image of dour individuals with "holier-than-thou" attitudes is as old fashioned today as people doing the minuet.

Take the Adamses, for example. They aren't youngsters, to be sure, but they are very much in step with the times, and their home is a haven for teenagers. Mr. Adams is a lawyer, who works with kids who have been in trouble. Mrs. Adams is on the local school committee and also helps the Girl Scouts.

The Adamses like to walk to church each Sunday and then on the way home. Their minister is "with it" too—he strives to counsel his parishioners on the dilemmas that confront Christians today.

The Adamses, their minister, their church—all a part of today.

BROKEN WALLS

Lesson for July 7, 1974

Background Scripture: Ephesians 2:1 through 4:16
Devotional Reading: 2:1-10.

Jerusalem is today—and long has been—a city of walls.

Surrounding the "old city" are walls that, for the most part, were built by the Turks to keep out armies of the Western world. The Mosque of Omar, one of the world's great Moslem shrines, stands on the site of what was once the Jewish Temple. Its presence on this holy site serves as a constant and painful reminder of the walls that separate these two faiths.

Rev. Althouse

The Dividing Wall

The writer of Ephesians also speaks of a wall, "the dividing wall of hostility" broken down by Christ (2:14). This "dividing wall" is a reference to the wall that separated the Court of the Gentiles from the inner courts of the Temple that were restricted to Jews. A Gentile would be subject to instant execution if he were to go beyond that wall.

Today in Jerusalem there is a scale model of the city of Jerusalem as it was in the time of Jesus. Dominating the model city is the Temple and one can see the wall that separated the Jews from the Gentiles. Last November as I stood and studied that model I remembered those words of Ephesians:

For he is our peace who has made us both one, and has broken down the dividing wall of hostility.

So, Jerusalem today stands as both the symbol of the walls that divide men from one another and also as a reminder of God's reconciling purpose for the world.

The writer of Ephesians speaks of the barriers that existed in his own day. "...remember that you were at that time separated from Christ, alienated from the Commonwealth of Israel, and strangers to the covenant of promise . . ." (2:12). These experiences of separation, alienation, and being strangers are no less with us today in our own world.

No longer strangers

This, however, is not God's will for men. His plan is to pull down these walls, bridge the gaps, overcome that separation and alienation, and reconcile us both to God and one another. It is his intention that those who are "far off" be "brought near" so that they are "no longer strangers and sojourners, but . . . fellow citizens with the saints and members of the household of God" (2:19).

One looks at today's walls and wonders how they can ever be pulled down. They are so high, so formidable, so resistant to our efforts. Yet, says Ephesians, Christ, the wall-breaker, is more powerful than man, the wall-builder.

With some 75 students enrolled in 12 Craft Classes and workshops, the Penn Alps, Grantsville, summer program is off to a healthy start. Both Woodcarving and Pottery classes are closed, the Corn-Husk Workshop and the Art Classes are almost filled to capacity.

An Art Metal Class, scheduled to start July 24, at 1.00 P.M., is open for additional students. This course, taught by Richard Birch, Dean of the Graduate School at California State College, Pa., will be handcrafting copper, brass, aluminum and possibly tin and pewter. Techniques will include stump raising, die forming and flat beating on an anvil. The course will run for six weeks.

A Candle-Dipping Workshop, to be conducted August 5-7, will employ techniques used by pioneer ancestors in their humble mountain cottages. Mrs. Gladys Lauver of Myersville, who has been a Penn Alps producer for many years, as well as a demonstrator at the Springs Folk Festival and Fort Ligonier, will conduct the workshop.

A workshop in vegetable dyeing and a series of courses and workshops in hand-loom weaving will be of interest to fiber artisans of the area. Miss Mary Wise, Extension Home Economist for Allegany County and master of the art of vegetable dyeing, will conduct a workshop August 12-15, following an instructional meeting on July 16.

An array of barks, roots, stems, leaves, flowers and seeds of native plants will be used in preparing dyes of blended shades, much as our great-grandmothers did in the 18th and 19th centuries.

Performs Extra Good Deed!

Billy Martin, Jr., Knoll Crest Manor, performed an especially good deed Saturday afternoon, when he stopped a car containing two small children from rolling into a busy highway.

Young Martin had just pulled into the parking lot at Big Tee Burger when he noticed a car rolling backwards toward Route 219. He attempted to stop the car with his pickup, but was not completely successful.

He jumped from his truck and ran around behind the vehicle to get into the car, but the car had not quite finish rolling, and his leg was pinned briefly between the car and truck.

had not quite finished rolling, ting in and stopping the car just before it backed into the street.

The car belongs to Mr. and Mrs. James Kreyenbuhl, Oakland, and carried in it their two children, aged 5 to 2. Mrs. Kreyenhuhl had parked the car and gone into Big Tee just before the incident.

Appalachian Plan Approved By Tri-County Council

The Appalachian Maryland Development Plan, a master plan for future development in the state's three western counties was approved in its rough draft form last Wednesday by the Tri-County Council for Western Maryland.

The group will now send a rough form of the plan to the Appalachian Regional Commission July 1, with the polished product to be ready around January 1, 1975.

Municipalities and counties will have 30 days in which to further review the plan and recommend any changes or additions.

In connection with the development plan, the Tri-County Council was presented with maps detailing information on existing highways, accessibility, highway improvement, existing and proposed railway service and public transit routes, natural features, industrial sites, water and sewer service areas, and other features of the counties. Thomas Holder, TCC regional planner, explained the maps to those present.

Re-elected To 30th Term

State Senator William A. Wilson, (R-Allegany, Garrett), was elected to serve his 30th term as treasurer of the Maryland State Firemen's Association at its 82nd annual convention in Ocean City last week.

Ten of the 34 member companies of the Allegany-Garrett Counties Volunteer Firemen's Association were represented at the convention.

The 83rd convention will be held in Ocean City June 16-18, 1975.

Sen. Mathias Files For Election Race

Republican U.S. Senator Charles McC. Mathias filed for election to a second term last Wednesday, saying he had tried to reflect what the people of Maryland want and what's best for Marylanders.

The freshman senator has had to answer complaints from the conservative wing of Maryland's Republican party that he has not followed Republican policies as a senator.

He countered this by saying that the party has room for lots of different people with lots of ideas.

Mathias repeated his pledge not to accept any campaign contributions over $100, noting that he started his campaign with a balance of about $50,000 and has added about $70,000 to $75,000 more since he began fund-raising efforts.

He also said he plans to try to reduce campaign spending by running the most economical campaign possible.

Mathias said he has already received strong endorsement from Vice President Gerald Ford and George Bush, GOP national chairman. However, since he has been a frequent critic of President Nixon and of his policies, he noted that he didn't think Nixon will offer to campaign for him, nor will he ask presidential assistance.

He expects Watergate to be an issue in the campaign because "Watergate is a constant factor. It is there and I don't think there is any way it is going to go away."

He believes the spectre of Watergate will make voters much more careful about how they vote, but doesn't think it will reduce public participation in the upcoming election.

THE REPUBLICAN

VOLUME 98 | OAKLAND, GARRETT COUNTY, MD. JULY 11, 1974 | PER COPY 15c | NUMBER 19

Balance of Power . . .

In a thoughtful article entitled "The Veto: Key to Effective Government," which appeared in the June issue of The Reader's Digest, Melvin R. Laird, former Secretary of Defense and chief domestic adviser to President Nixon from June, 1973, to February, 1971, discussed the importance of the presidential power to veto legislation passed by the Congress. Mr. Laird spoke from a wealth of experience, both in the Executive branch and as a Republican Congressman from Visconsin for nine terms.

In Mr. Laird's view, the veto is, ". . . the sole constitutional power a president has to prevent hasty or ill-considered laws." It is a positive tool of presidential leadership conducive to more reasonable and workable legislation. It can save tax money and curb the passage of unwise legislation which might otherwise become the law of the land during a rush of majority enthusiasm, untempered by judicious consideration. Congress always has the final word, since it can pass a bill over a presidential veto by two thirds vote in both Houses.

Some saw the Watergate backlash as an opportunity to elect a "veto-proof" Congress in November. Any such development which would cripple the president's leadership ability and disrupt the balance of power between the three branches, would not be in the interest of good government.

We must remember the solid record of accomplishment that our form of government has achieved, including the veto power. It is not a time to jump on some ill-conceived bandwagon aimed at undermining the constitutionally-granted and fundamental powers of the presidency.

Flood Makes River Bed Of Spring Lick Road

The rainstorm which hit the county on July 4 caused excessive damage in one area, as evidenced by the accompanying pictures.

The Spring Lick Road was literally washed out by the heavy rainfall, which apparently hit with the greatest force at the heads of the Spring Lick and Crabtree Creeks. The force of the accumulated waters wiped out a section of Spring Lick Road for approximately one and one-half miles.

County Road crews worked into both ends of the damaged area so that everyone could get out with the exception of some autos that were stranded at the lower end of the area. Although the people at the Laffey farm were taken out by friends, their cars were stranded at the farm because of a washed-out culvert just below their entrance road. Crews were working Monday to restore this culvert to service so these people could get their cars out.

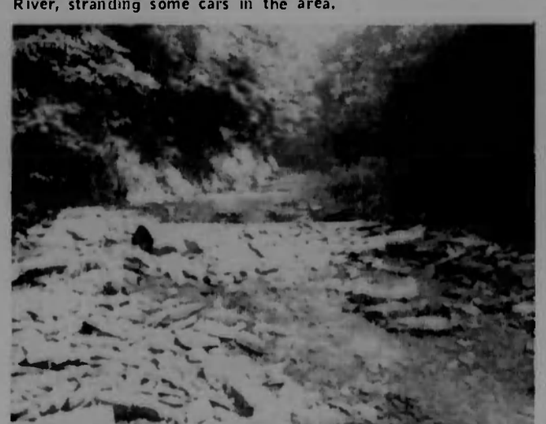
The Spring Lick Road will have to be completely rebuilt, and it will probably take several weeks before it is back into normal service.

The temporary bridge crossing, recently installed by the county roads forces, withstood the pressure of the flood, even though the waters overflowed the crossing by approximately two feet.

The bridge was engineered with 25 percent safety factor over the highest recorded waterflow in the last three years, but the Fourth's rainstorm still managed to overflow the structure by two feet.

Older residents of the section say they have never seen water this high in the Spring Lick area.

Road bed or river bed? The Fourth of July flood did some drastic rearranging of the Spring Lick Road not far from Savage River, stranding some cars in the area.



A culvert near the Laffey farm on Spring Lick Road was disabled by the force of water from last Thursday's tremendous rainfall. Crews were working to restore the culvert Monday, but the road will remain almost impassable for some weeks until it can be rebuilt.

County road crews were attempting to piece culvert pipe back together on Spring Lick Road following last Thursday's whopper of a storm there. Water was still hampering road work crews on Tuesday.

Files For Surveyor

Mrs. M. Virginia Rosenbaum, route 2, Frostburg, announced her candidacy for County Surveyor on the Republican ticket. She is unopposed.

The position has been vacant since the death of Frank R. Carliss, Jr., on June 4 after having been county surveyor for fifteen years.

33 Additional Candidates File Before Deadline

Thirty-three additional candidates were listed for state offices in the complete list sent from the state house at Annapolis. The list of the county candidates and a portion of the state candidates were listed in last week's issue.

Charles Mathias is to have opposition in the Republican primary for the United States Senate and eleven candidates are seeking the same office on the Democratic ticket. Three of them were listed last week.

Mathias will be opposed in the Republican primary by Ross Pierpont, of Baltimore. The Democratic candidates not previously listed are Jon Allen Thompson, Monkton; David E. Shaw, Westminster; Barbara A. Mikulski, Baltimore; Roy L. Chambers, Oxon Hill; Bernard L. Talley, Jr., Baltimore, William W. Youngblood, Baltimore; Robert J. Roosevelt, Bethesda; and Xavier A. Aragona, Oxon Hill.

There are two additional candidates for governor on the Democratic ticket, two on the Republican ticket, and two for Lieut. Governor on the Democratic ticket. They are Howard L. Gates, Timonium; and George E. Snyder, Hagerstown, Democrat, for governor; August P. Vivirito, Sr., Baltimore; and Hyman A. Pressman, Baltimore, lieutenant governor, Democrat; Lawrence J. Hogan, Landover, and John Cleo Apostol, Annapolis, governor, Republican ticket.

There was one additional filing for Judge, Circuit Court, Democrat, James F. Couch, Jr., Adelphi, 7th circuit. Two more filed for Judge, Court of Special Appeals, both Democrats, James K. Foley, Rockville, who cross filed; and Leonard J. Kerpelman, Baltimore.

Eleven additional Democrats filed for the conference on Democratic Organization and policy, sixth congressional district: Gail E. Evans, Catonsville; Dennis F. Sen, Catonsville; Jack B. Gergerson, Williamport; Mary Jean Lazarus, Cumberland; Mary Ann Ordovensky, Columbia, Arthur G. Fouche, Hagerstown, William B. Cavanaugh, Jr., Columbia; Judith Ann Beier, Clarksville; Gerald A. Renner, Columbia; George P. Williams, Hagerstown; and John E. Easterdam, Williamsport.

Philip T. Carolan entered as a candidate for the Democratic nomination for state senate, while David J. Williams, Midland filed as Republican candidate against William A. Wilson and Edward J. Mason.

Roy J. Peterman was an extra democratic candidate for member of the House of Delegates against John F. Browning and Raymond O. McCullough.

This brings a total of candidates to one hundred seventeen.

Lightning Causes Fire At Deep Creek

Lighting from nature's own fireworks display July 4 caused a fire at the Deep Creek cottage of John Frantz, on Route 219 near Thayer's Barn.

Nineteen men from the Deep Creek Volunteer Fue Company were assisted by the Oakland firemen in fighting the fire. One fireman, Chuck Thomas, was overcome by heat while fighting the blaze, and was treated on the scene by members of the Southern Garrett County Rescue Squad.

Firemen were on the scene from 6 p.m. until 9:30, and had just returned to the firehouse when the blaze flared again and they were recalled to the scene. The fire was again doused and they returned to the firehouse about 11 p.m. Another alarm was sounded just shortly after 11 o'clock, to an address on Glendale Road, but the call turned out to be a false alarm.

No eslimate of damage has been made on the Frantz cottage. No one was in the residence at the time of the fire

Fed. Revenue Sharing Check Is $151,175.00

Final Payment Of Fiscal 1974 More Than Expected

The County Commissioners received a Federal Revenue Sharing check during the week in the amount of $151,175, some $4,600 more than had been anticipated, it was announced by Wayne B. Hamilton, chairman. This check was the final one received for fiscal year 1974.

Federal revenue sharing money is used according to legislated goidelines, but allows local governing officials to use local tax money for needed services. Priorities for using the sharing funds already established. Each local jorisdiction then can determine its own priorities in view of both local money and Federal revenue sharing money. The sharing budget is a supplemental budget to that of the county, Mr. Hamilton said.

Approve Site

In other action the commissioners approved the site for the Northern Middle School on the campus of Northern High school. This resolution did not involve any land purchase as the county already owns the property for the proposed school. This is the third site approval this board has made under the new school construction program.

The commissioners also received notice of a grant award of $290,598 for the Solid Waste Management program for the

Brethren Church Dedication Slated

The new Cherry Grove Church of the Brethren, one mile north U.S. Route 40, on route 219, will be dedicated on Sunday, July 11.

The former church building was located at the intersection of the Avilton and New Germany roads and was razed last year to make way for the National Freeway.

The new building is the third built by the congregation. The first was built in 1865 and was located two miles south of Avilton. By 1954 the congregation had outgrown the first building and a second structure was erected and dedicated. In 1968 the second building was remodeled and redecorated and served the congregation until last year.

The church will open Sunday with a service at 11 o'clock with Rev. Rogers Fike, Oakland district executive secretary, as the speaker.

A carry-in lunch will be held from noon to 1:45 when the afternoon service will begin. The afternoon service will feature music by Frostburg Church of the Brethren, Maple Grove Church of the Brethren, and the Stockslager family of Grantsville.

Activities Sunday will conclude with the 7:30 service at which time the Cherry Grove Men's chorus, Accident, will present a program of music.

Rev. Earl Harper, Flintstone, has served as pastor since 1960. Members of the building committee include Glenn and Louis Durst, Asa Wilhelm and Richard Ketterman. Trustees are Delwood Lowell and William Merrill, and Paul Durst.

Fourteen All-Stars Will Compete In Little League Finals

Lightning Strikes MacFarline Home

Lightning struck the P. L. MacFarline home on Spring Lick Road shortly before 4 p.m., Thursday, July 4, destroying the chimney and causing structural damage to the walls and floors.

The truck, although not damaged, was brown with mud when pulled out so the firemen washed it off before returning to the fire station.

Library Compiling Area Directory

Last fall the Ruth Enlow Library sponsored a workshop entitled "What's New With You" for representatives of agencies and service clubs in Garrett County. The work-shop was very successful in making all of us more aware of the various activities and services currently being provided in the county.

As a follow-up to this workshop the Ruth Enlow Library is now compiling a directory of agencies, organizations and service clubs in the county, together with pertinent and current information about each one. To obtain the necessary information for such a directory, a questionnaire has been sent to a number of these groups. Thus far, approximately 50 percent of those receiving questionnaires have responded. More responses have been received from agencies than from organizations and service clubs.

There are possibly some county agencies, organizations, and service clubs which did not receive a questionnaire due to an incomplete mailing list. If you are aware of any group which did not receive the questionnaire, but would like to be listed in the directory, would you please contact the Ruth Enlow Library and request a copy of the questionnaire.

The new directory will not only up-date the information found in earlier directories, but will also be more inclusive. We hope with the cooperation of all groups to produce an accurate and complete directory of the services and activities available in Garrett County.

county. Funds for this project came from the Department of Health, Education and Welfare through the Appalachian Regional commission. Mr. Hamilton commented that the Solid Waste Management program would enable county residents to dispose of their solid waste within a reasonable distance from home after the program is fully implemented. He said there had been a tendency to dump trash where convenient.

Mr. Hamilton said the county's appearance is one of its best assets and with this program the county would be better able to keep its natural beauty.

Inspect Roads

Earl E. Opel called a Roads Board meeting this week to make a road inspection of the Walnut Bottom road which is too narrow for two automobiles to pass in some sections. Area residents presented their concerns to the board which sits as the Roads Board at their regular meeting. Due to excessive rains during past weeks the Roads board determined that over a mile section of the Spring Lick road would have to be rebuilt.

Other Activity

Commissioner Bernard M. Guy attended a meeting of the county bicentennial commission Sunday where projects relating to the nation-wide bicentennial celebration in 1976 as it relates to this county were discussed. Acting chairman, B. O. Aiken, Accident, recommended that each community write a local history to be incorporated into a county-wide history. It was also suggested that some community take as a project the burial of a time capsule. The local commission will meet again July 14, 2 p.m., at the community college at McHenry.

Michael Kilpatrick, liaison officer for Western Maryland Department of Economic and Community Development, met with the commissioners to discuss the federal floodplain insurance program. He had spent the week in the county with representatives of the planning commission to go over the county plan.

George Comp, coordinator for the proposed Centralized Communications System for the county, met with suppliers and county consultant, W. W. Wright, in a pre-bid conference in Hampstead on Monday, to review specifications on Communications equipment for an LEAA grant to the county commissioners for communication service to the sheriff's department which will become a part of the county centralized communications system. Specifications are available from Mr. Comp at the civil defense office in Oakland.

erated by a brother, Gary Dale when a brake grabbed and Stephen was thrown under the tractor wheel, which ran over his body before the tractor came to a stop.

They were helping make hay on the Harry White property when the mishap occurred.

Mr. White took Stephen to the hospital, where he was given emergency treatment by Dr. Joseph Alvarez, who then flew him in his private plane to Morgantown.

Young Stephen was in surgery at the Medical Center from shortly after the time of his arrival, about 8:30, until 4:30 a.m. Tuesday. Doctors removed part of his lung and liver, and his spleen.

Trying To Avoid A Collision Seemed To Cause Another

Trying to avoid a farm tractor and wagon apparently caused an accident in which two persons were injured last Saturday afternoon near Gortner.

Ann Gainer, a passenger in the car operated by James A. Gainer, both of Parsons, W. Va., and the operator of the other car, Harvey M. Fike, RD 2 Oakland were apparently only slightly injured.

Gainer was traveling south on U.S. Route 219 just north of Silver Knob road. Fike, driving north, attempted to avoid a collision with a farm tractor and wagon. He applied his brakes but went into the southbound lane and collided with the Gainer car.

Trooper J. E. Pole charged Fike with failing to keep to the right side of the road.

Chapel Plans 100th Anniversary July 21

The Mill Run Mercy Chapel, near Friendsville, will celebrate the hundredth anniversary of its founding this month. The congregation and the surrounding community plan to celebrate the occasion with special services and a picnic on Sunday, July 21.

The regular morning church service will begin at 10:00, and will be followed by a picnic, with everyone bringing his own lunch. The centennial observance will take place in the afternoon at 2:00. It will include special music and a presentation of the church's history. Later, there will be an evening of fellowship, beginning at 7:30.

Mt. Top Weather Is Hot And Humid

Weather during the past week has been hot and humid. Skies have been mostly clear but the atmosphere has been very hazy, especially for the Mountain Top. Temperatures averaged 2.9 degrees above normal.

Rainfall has been very light, with a few scattered showers last Friday evening, a trace Saturday and a thunder storm late yesterday afternoon. Total rainfall amounted to less than three quarters of an inch. After yesterday's storm the air became less humid and skies were only partly cloudy and the air much clearer this morning. There was heavy fog most mornings.

Daytime temperatures averaged 82.4 degrees, about one degree above normal. The hottest day was the 4th with 87 degrees. Lows averaged 59.5 degrees or 1 degrees above the normal. The lowest mercury reading was 55 degrees Monday morning.

The air has been mostly calm except there has been a light breeze since yesterday.

Grant Provided For Hot Meals

Approval of a $5,918 grant which will provide additional hot meals for elderly residents of the county was announced by Harry T. Walker, executive director of the Maryland Commission on Aging.

The amount supplements an original grant from the Commission of $34,863. Additional funds resulted from a saving on administrative costs by the commission and were made available to Garrett county to help relieve the long waiting list for their nutrition project.

The Garrett County Senior Citizens Hot Meals Program is presently serving 182 nutritious meals a day to those sixty or older, and good food plus a chance to socialize have resulted in a long waiting list.

The Garrett County Senior Citizens Hot Meals Program, sponsored by the Garrett County Community Action, Inc., is funded under Title VII of the Older Americans Act through the Maryland Commission on Aging.

Hinebaugh Reunion

The Hinebaugh Reunion will be held Sunday, July 28, at the Artie Hinebaugh farm at Deer Park.

All friends and relatives are welcome.

To Attend Conference

Law enforcement representatives and elected officials from Garrett, and six other western counties have been invited to attend Rep. Goodloe Byron's July 22 law enforcement conference announced for Frederick Community college, beginning at 9 a.m.

The meeting was organized to bring together officials to discuss the availability of programs and funds for local and county jurisdictions.

One Is Slightly Injured In Last Thursday Accident

Four cars were involved in a double accident on Rock Lodge road near Md. Route 495 last Thursday evening. One person was slightly injured.

Malaine Rae Yost, Cumberland, was apparently only slightly injured being a passenger in a car driven by Betsy Ann Welty.

Dennis Allen DeVore, Richard Lee Harris and Betsy Ann Welty, all of Cumberland were driving north on Rock Lodge road. DeVore stopped at the intersection. Harris sensed that Betsy Welty was not going to stop and moved into the southbound lane. The Welty car then hit the rear of the other two cars.

Gerald L. Brenneman, Bittinger, was traveling south on Rock Lodge road and due to the Harris car in the southbound lane, ran onto the shoulder and hit a mailbox.

Trooper David Mitter charged Betsy Welty with failing to reduce speed under existing conditions.

To The Garrett County Commissioners:

The Levy published in last week's Republican shows $1,141,195.83 taken from Cash-on-Hand to balance the 1974-75 budget.

It is most fortunate that the county had this much Cash-on-Hand, however there seems to be no surplus provided to balance the budget for 1975-76. This would lead me to believe that to balance the 1975-76 budget would require a tax increase.

Perhaps there is some other explanation; myself and many others would like to hear it.

Fighting The Cold War?

Do you have any idea what the average Communist gives to his cause? As a very minimum, every Communist MUST devote at least 10% of his money and his time to the Communist Party. That comes to 11 hours per week. How many hours did you give last week for the principles in which you believe? The truth is, most Americans don't devote 11 hours to their country all year long.

The Communists are counting on taking this country, as they have all the others, with less than ½ of 1% of the population. BUT, this works both ways. One half of 1% of the population, organized and dedicated, is also more than enough to restore this nation to health and sanity once again. The question is not, CAN it be done, but is even a minority of Americans willing to DO it?

We are not discouraged that our numbers are small. The John Birch Society was never intended to be a mass movement. History has always been determined not by the many, but by the dedicated few. When Paul Revere went racing down those cobblestone streets shouting, "The British are coming!" most of those who heard his voice went right back to sleep. Only a few heard the call. Only a few stood at the bridge. Only a few at Lexington and Concord. Only a few signed the Declaration. Only a few contributed the political and spiritual ideas that were brilliantly hammered into our Constitution. And ONLY A FEW are going to save this Constitutional Republic, if it is saved at all.

The COMMUNIST PARTY, USA appraises its enemies in an issue of THE PEOPLE'S WORLD, dated March 18, 67:

> The John Birch Society is the largest and most sophisticated "anti-Communist" organization in the U. S. The Right is a seething mass of over 4000 organizations, bewildering in their titles, aims, and diversity. Of all these groups, only some 30 .. appear to be of national importance, and the prime one is the John Birch Society.

Our founder is a genius. He learned to read at the age of 2, studied Latin and algebra at 5, and entered the University of North Carolina at 12. He is an accomplished mathematician, has knowledge of five languages, and has written extensively in the fields of philosophy and History. He was telling the American people in 1958 that Castro was a Communist. The experts called him a fanatic. In 1957, he was warning us that the so-called Civil Rights movement was part of a larger plan which would intensify frictions between the races and precipitate riots from coast to coast. Time and time again, he was ridiculed and condemned by the respectable experts. Time and time again, tragic events have unfolded to prove that Robert Welch was right after all.

Your local Chapter of the John Birch Society holds meetings once a month. Dues are $2.00 a month, which entitles you to a monthly Bulletin. Everything you do from there is purely voluntary. How many more riots and burning of cities must there be before you join us? How many more campuses must be turned into Communist indoctrination centers? How many more churches must be turned into leftist political clubs? How many more government controls and regulations will it take? How much more drugs, pornography, crime, taxes and inflation will it take before you join us?

American Freedom and Christian Responsibility

By
Rev. W. H. Leake, Deer Park, Md.

We hear a lot about minority groups today; but one minority group which is seldom ever mentioned is the BIBLE BELIEVING, FUNDAMENTAL, BLOOD BOUGHT, BLOOD WASHED, BORN AGAIN, SPIRIT FILLED, SPIRIT LED CHRISTIAN. Please, do not think I am talking about the average church member or religionist. For it is popular in America to belong to some religious group; but to get converted and start living like the Bible says Christians should and "true Christians do," will soon make you a marked individual and most religionist will want to stay far from you.

Contrary to what modernistic ministers and churches teach today, God's chosen have never been on the side of the majority an dhave never been popular. But they have always been right and they always won. Let's look at a few: NOAH — During the time he was building the ark, he was very much in the minority, but he won! Gen. 6. JOSEPH — Sold into Egypt as a slave by his brothers, a very decided minority; but he won! Gen. 37. GIDEON — When he and his 300 followers, with their broken pitchers and lamps, put the Mideonites to flight; they were an insignificant minority; but they won! Judges 6-7. ELIJAH — Stood against 850 false prophets and put them to shame; a decided minority, but he won! I Kings 18. DAVID — Rediculed by his brothers, went out to meet Goliath the giant; he was a notable minority, but he won! I Samuel 17. When MARTIN LUTHER nailed his theses on the door of the Cathedral in Wittenberg, he was a lonesome minority; but he won! When JESUS CHRIST was crucified by Roman Soldiers, He was a conspicuous minority; but He won!

These all had one thing in common; God and His unseen (by the natural eye) host was with them (II Kings 6). In our efforts for Christ and right, we are in the minority; but because we are on God's side, WE ARE ON THE WINNING SIDE! WHOSE SIDE ARE YOU ON?

REMEMBER — WHAT JESUS SAID IN MATTHEW 7:13-16, "Enter ye in at the strait gate: for wide is the gate and broad is the way, that leadeth to destruction and many there be which go in thereat: Because strait is the gate and narrow is the way, which leadeth unto life and FEW there be that find it. Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits."

Durst-Teets Vows Recited On June 1

The Cherry Grove church of the Brethren was the setting for the June 1, wedding of Mrs. Margaret Teets, Cumberland, and William Dale Durst, Grantsville.

Rev. Earl Harper officiated at the double ring ceremony. Betty Jo Swauger of Frostburg was organist.

The bride is the daughter of Mr. and Mrs. John C. Hunt of Bedford, England. Parents of the bridegroom are Mr. and Mrs. Paul Durst, Grantsville.

The bride, given in marriage by her father, John C. Hunt, and mother, Megan F. M. Hunt, wore a wedding gown sent to her from England, a gift of her mother. Of imported silk crepe, the Elizabethan gown was fashioned with an A-line skirt ending in a cathedral-length train. The high neckbne and bodice were trimmed with pearl-studded miniature ruses. The long fitted sleeves were finished with ruffled cuffs. Softly gathered tulle framed her face, with a veil sweeping into the full train. She carried a bouquet ot pink carnations and three red roses.

Attendents were Bunny Durst of Frostburg, and Glen A. Durst, best man, cousin of the bridegroom, also of Frostburg. Ushers were Ronald Durst, brother of the bridegroom, and William Kamp, Grantsville.

A reception followed in the church social hall with appruximately 75 guests attending.

Out-of-town guests were from England, Ohio, Delaware, Virginia and Baltimore.

For travel the bride wore a pink and white dress ensemble.

The bride, who recently graduated from Allegany Community College with a degree in secretarial science, is employed by the Maryland Department of Social Services in Cumberland.

Mr. Durst, a graduate of Northern High School, is employed by the Herbert Impt Construction Company.

The couple resides in Cumberland.

Prior to her marriage, the bride was the guest of honor at a shower given by Debbie Elliott.

Volunteers Provide Many Activities At Nursing Home

By wheel-chair, by walker, on their own, or with the help of an aide, all patients who are physically able of the Cuppett-Weeks Nursing home now participate in their choice of ten activities available to them almost any afternoon or evening it was revealed by Mrs. Patty McRobie, Social director. The two year old program is made possible by the cooperation of the nursing home administration and a corps of over 60 volunteers organized by the Social Service Department. Robert Weeks, nursing home administrator, feels that the program has added a new dimension to the lives of the residents.

Every Wednesday & every other Monday & Friday afternoons, patients and volunteers mingle in arts-crafts activities. Wooden plaques made last year were attractive enough for four residents to sell them from a booth at the Autumn Glory festival. Proceeds were used for more supplies. This year they are constructing colored mice and miniature bunnies along with Yo-Yo dolls.

Olive Herring, resident, has crocheted dresser scarves for her room and is especially fond of the arts and crafts. Wednesday nights the Ruth Enlow library supplies a movie and also assists with a mobile library unit.

Monday evening it is table games, parchesi, checkers with dominoes the most popular at present. Volunteers help those whose eyesight and coordination are poor. There are no prizes for table games but no one seems to care. "We just have a good time playing," said Charlie Hott.

Tuesday afternoons there are social teas. Volunteers provide candles and centerpieces and also bake, with kitchen staff providing coffee and punch.

Patients who are mobile, dress up for the tea. All are served by volunteers. Irene Fike, said, "It gets us out of our rooms and we can visit with people on the other floors."

Perhaps the most moving is the monthly birthday party, the last Thursday of every month. Patients who have had a birthday during the month are invited with each patient inviting a friend. There are favors for all, pictures are taken and refreshments served. Birthday persons are asked to tell a little about themselves.

In addition to these activities 18 volunteers have contracted to visit the patients on a regular basis. Hazel Boyd expresses the sentiment of others: "It gives us so much to look forward to."

"Thank you" is not always heard. Cecelia Norman speaks but a few words of English. When asked if she likes her cake, she gives a nod with a warm touch of the hand and a glad smile. Louis Stoner, while working on an arts-crafts project, is asked why so quiet. "I'm too busy to talk," he responds.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

THE DIFFERENCE

Lesson for July 14, 1974

Background Scripture: Ephesians 4:17 through 6:24.
Devotional Reading: Ephesians 6:10-20.

"Your religion is showing!"

Those words were not intended to be a compliment, but an expression of derision. They were spoken to a friend of mine who had used the term 'Christian Love' in a discussion of a community social problem. "Good," retorted my friend, "I'm glad my religion is showing; it's supposed to!"

Rev. Althouse

Your old nature

That is what the writer of Ephesians is saying again and again in the latter part of his epistle. There is a difference in being a Christian, and our lives should give evidence of that difference. No one can be a follower of Jesus Christ without having some profound changes take place in his life. In fact, those differences in how we live are the evidence that our discipleship is real. The differences are supposed to show.

For one thing there will be a difference in what controls our lives. Some people, like the Gentiles of whom Ephesians is writing, are driven by their emotions and appetites. They do not discipline themselves, doing whatever they feel like doing, regardless of the consequences. They gorge themselves with food, alcohol, power, speed, passion and [illegible]. Someone has characterized this kind of person as "stomach alive, soul extinct."

One cannot be a Christian, says Ephesians, and be controlled by either emotion or appetite. That was your old "manner of life," but now you are expected to live a new life which is controlled by nothing but your commitment to God. If we hold firmly to that commitment, says Ephesians, we will be "renewed in the spirit of . . . (our) mind" and our lives will give evidence of a different, "new nature."

Some changes

For most of us, this means making some changes in our lives. If we are accustomed to "falsehood," we will begin to speak truthfully. If we are subject to control by anger, we will work to keep that anger in check and make sure that we never end a day with that anger in control. We will avoid situations where we know that the power of temptation will be great. Instead of dishonesty and cheating, we will devote ourselves to honest labor. We will stop talking in a manner that is harmful to others and we will leave no corner of our lives for bitterness, wrath, and anger.

But the new life in Christ is more than a matter of what we will not do: "be kind to one another, tenderhearted, forgiving one another, as God in Christ forgave you" (4:32). The key to the new life is the example of Jesus Christ. The "true righteousness and holiness" that will constitute the difference in our Christian discipleship are to be found in our constant and persistent emulation of "the likeness of God" we find revealed in Jesus Christ.

A.A.R.P. Picnic Set

Members of Oakland Chapter No. 779, American Association of Retired Persons, will hold their picnic, rain or shine, on Wednesday, July 17, at the 4-H Center, near Bittinger.

Members will meet at Harvey's Service Station at 11:00. Those needing transportation may call Don Bender at Kitzmiller.

President Mildred Bender will bring Kentucky Fried chicken and the table cloths. Members will bring vegetables, salads or desserts and their own drinks and place settings.

Main feature of the picnic will be the "Silly Hat Auction." There will be games and prizes also.

"Look, Daddy! A stopped freeway!"

Eight-year-old Kristen pointed at the span of concrete that soared over the road ahead of us and then ended abruptly as if it had encountered an invisible wall.

Two months later, we took a hike in the country. A small trail led us through green fields of waving grass and wildflowers. There the trail ended, gradually, as if reluctant to stop.

Is your life like a freeway—fast, impressive, known to many? Or is it more like a trail—plain, but comfortable, less well-known, but quite adequate?

It really doesn't matter.

The important question is: Does your life have a goal?

A freeway or trail can end, gradually or abruptly, without ever reaching a specific destination.

In God, your life can have a goal. In church, He'll tell you how to reach it.

Three Accidents Occur In Oakland Since Early Sat.

Three motor vehicle accidents occurred in Oakland since early Saturday morning. One involved three vehicles including a parked car.

The parked car of Floyd T. Arnold, Oak Street, was struck by a small van truck driven by John F. Mellinger III, Swanton going east about 2:30 a.m. Saturday. Immediately following, a car driven by Christini A. Stempie of Aurora, W. Va., also traveling east, hit the Mellinger truck stopped in the middle of the road. Christini Stemple attempted to swerve to the left to avoid hitting the truck but was unable to do so. Another car was parked at the westbound curb at the same location.

This is the second time a vehicle has been hit in the same place recently. Two trucks of Mr. Arnold were hit a little over a month ago.

Officer Frank Finch of the Oakland Police charged Mellinger with negligent driving.

A tractor-trailer struck a pole at the intersection of Third and Oak streets about 9:20 Saturday morning and knocked out the traffic lights. According to information from City Hall the truck hit the control box, and there was some difficulty making repairs. Chief Percy Lawton of the Oakland Police was on the scene during repairs.

Two vehicles collided at the intersection of Third street and Memorial drive Monday evening.

Richard D. Ulery, RD 1, Oakland driving a light truck was making a right turn from Third Street into Memorial drive and was hit by a car driven by Sharon A. Tadj, Lakewood, Ohio, passing on the right.

Officer Finch investigated the accident.

Column For Homemakers

The Radish, "Root" of Pre-Historic Man

The radish is one of the most ancient cultivated plants. Egyptains were eating radishes long before the pyramids were built. They probably had standards of quality, but they certainly weren't as sophisticated as ours.

The U. S. Department of Agriculture has grade standards for radishes, as well as other fresh vegetables, and offers a grading service for producers, packers and buyers. In most cases you will not find radishes with the U.S. grade marked on the packages. Radishes sold from a supermarket bulk bin are never labeled by grade.

Here are some U.S. Department of Agriculture tips on how to choose high quality radishes: Look for medium size radishes (¾ to 1-1¼ inches in diameter) that are plump, round, firm, and of a good red color. If tops are attached, they should be fresh, bright, and green. Avoid large or spongy radishes. They are likely to have pithy centers. This can be detected by a slight pressure. Dark, discolored spots indicate that the radish is decaying or aging.

Beside being an excellent snack for dieters, radishes make a colorful garnish, or salad ingredient. And radishes enjoy many other uses. In Egypt, radishes are cultivated for the purpose of eating only the leaves. In India, a variety of radishes is grown for its fleshy edible seed pods which reach a length of 8 to 12 inches. In the Orient, radishes are grown as stock feed and for a winter vegetable that can be easily stored. In China, one kind of radish is grown for the oil in its seeds. The Chinese also pickle radishes in much the same way we pickle cucumbers.

Radishes are available year round with peak supplies available from May through July.

Two Found Guilty Of Bank Robbery

Two men, one from Grantsville and one from Meyersdale, Pa., were found guilty of the robbery of the First National Bank of Garrett, Pa., last December 3 in federal court in Pittsburgh on Thursday, June 27.

The men, Donald Durst, Grantsville, and William Thompson, Meyersdale, were found guilty of taking approximately $8,000 in the armed robbery. None of the money has been recovered.

The federal court jury deliberated for about two and one-half hours before bringing in their verdict. Judge Hubert I. Teitelbaum, before whom the trial was held, asked for a presentence report on the two before sentencing. Maximum sentence for the first count of the crime, robbery, carries a 20-year sentence, $5,000 fine, or both. The second count, involving use of a dangerous weapon and endangering human life, carries a 25-year prison term, a $10,000 fine, or both.

Tri-Valley Scout Leaders Elected

Strip Mining Ban Upheld In Court

The Maryland Court of Appeals upheld a law that prohibits strip mining on state owned land Wednesday of last week.

However, the high court said a mining company which was denied a permit to strip coal in the Savage River State Forest may be due compensation from the state.

The seven judges further held that the Buffalo Coal Company may continue to strip mine the remaining acreage covered in a permit issued before the General Assembly enacted legislation in 1972 to ban mining on state-owned land.

The court then sent the case back to Garrett County Circuit Court for more testimony on whether denial of further permits amounts to an illegal confiscation of the mineral rights held to the state forest property by Buffalo and the Georges Creek Coal and Land Company.

The property covered in the suit went through a series of ownerships — including the federal government — before being handed over to the state.

But Georges Creek retained rights to all minerals under the property and in 1969 sold coal mining rights to Buffalo.

Buffalo, which had a permit to mine part of the property, applied for another permit after the law was enacted but before it became effective.

When the state denied the permit, Buffalo filed suit in Garrett County Circuit Court, and the lower court ruled that the company could mine any property on which it held mineral rights.

The Court of Appeals, in overturning that ruling, said the prohibition against strip mining was a "reasonable regulation under the state's police power calculated to protect the environment and to preserve state-owned land for public use for present and future generations of citizens."

It said the two companies may be due some compensation if they can prove that the denial of the strip mining permit amounts to an illegal confiscation of their property rights.

The unanimous ruling said the companies had a heavy burden of proof to demonstrate confiscation and that they could not satisfy that burden of proof merely by showing an economic hardship or a substantial reduction in the value of their property.

The 42-page opinion said there was not enough testimony before the circuit court to determine whether state compensation was required, and that the interests of justice required that the case be sent back for further consideration of the question.

The court ordered Buffalo to immediately halt its mining operations except for those authorized in the earlier permit.

1974 MAPS STUDIED—State Highway Administrator Bernard M. Evans, left, Secretary of the Department of Transportation Harry R. Hughes, center, and State Aviation Administrator Robert J. Aaronson discuss the new Maryland Official Highway map, which has just been issued and is now ready for distribution. The map features a special inset of Maryland roadways leading to the Baltimore-Washington International Airport. An artist's conception of the Airport, scheduled for completion in 1976, is on the cover of the map. Other features include "sign language," a section devoted to new warning, regulatory and guide signs; a listing of forests and parks with a camping code indicating improved, limited or primitive campgrounds; a mileage diagram; a listing of points of interest; and tourist information centers. The map, with a printing of 500,000, is available from the State Highway Administration, state office buildings in Baltimore and Annapolis; all district engineer offices, Maryland State Police barracks, toll facilities, and at the Motor Vehicle Administration office.

Diana Doss Bride Of James Grubb

Solemnized at the Fairview church of the Brethren on Friday, July 5, was the marriage of Diane Lee Doss, daughter of Mr. and Mrs. Willis Dixon, Gormania, W. Va., to James Henry Grubb, son of Mrs. Mary Grubb, also of Gormania, and the late Elmer T. Grubb.

Escorted to the altar by her father the bride was attired in a floorlength victorian styled gown. She carried a cascading bouquet of red roses centered with an orchid.

Serving as best man for his brother was Richard Grubb, route 1, Gormania. Bridesmaids were Miss Denise Bowen, Wilson, W. Va.; and Miss Glenda Grubb, Gormania. Miss Bowen was attired in a floor length gown of baby blue satin, fashioned with mandarin collar, empire waist and long sleeves. Miss Grubb's gown was of yellow satin, with an empire waist and sleeveless. Both wore large picture hats and carried bouquets of flowers accenting their gowns.

A reception followed in the church basement. At the guest book was Miss Kathy Fridley. The three-tiered cake was made by Mrs. Mabel Blamble and served by Miss Deanna Bowen, of Wilson.

The couple is residing near Gormania.

Organ Donor Program Began On July First

Starting July 1, applicants for a Maryland drivers license, identification card or renewal, may authorize the removal upon death of body organs needed for transplants, therapy, medical research, or education.

"Except for people under 18 and holders of a temporary license or learner's permit," added Ejner J. Johnson, State Motor Vehicle Administrator, "this new legislation—H. B. 654—allows the notation 'Organ Donor' to be entered on license and I.D. cards.

"This notation will appear on the front of the card, directly above the signature."

An insert in the initial and renewal packets of both licenses and identification cards will explain the organ donor program and stress its voluntary nature. A second insert will be the short form to complete if the person is interested.

Later, should the organ donor change his mind, he need only give written notice to the Motor Vehicle Administration to have the notation removed.

Known legally as an "anatomical gift," this procedure constitutes full legal authority for the removal at death of needed body organs.

LETTERS TO THE EDITOR

To The Editor

I would like to speak out for a minority group that cannot speak for themselves. This group is our four legged friend.

The kudzu vine, first thought useful, threatens the South.

the dog Dogs, which are supposed to be man's best friend are treated like mans worst enemy. The homeless, lost or stray dogs are locked up in a 10 x 12 foot tin building. This building contains six stalls which are 4 x 4 feet wide. Four to five dogs occupy each stall, until when no longer wanted, are taken out to be killed. That is, if they don't suffocate in the hot Summer weather or freeze to death in the winter. There are only two air vents in this building and one small window over the door. Can you imagine living in these cramped conditions, with the dirt, the smell, and the heat or cold? I am shocked and disgusted at the way this County has let these conditions continue at the Dog Pound.

And how about the Dog Catcher? He's employed by this County to handle all complaints through out the Garrett County area. He has no office of his own where he can be contacted. All of his messages are handled by the Sheriff's Office. All calls that are taken after 8 a.m., are then taken care of the following day, because the Sheriff's Office has no way to contact him once he leaves the office. This County is an extremely large area to be handled by just one man. It will save the taxpayers a lot of money if the County supplied the Dog Catcher with a radio for his car. So that when he does have a call, he can be contacted immediately, and the situation handled that day. It would also cut down running back and forth, wasting money and gas needlessly. Because of the size of the area, it is ridiculous to assume that one man can be in two places at the same time. Therefore, I seem only reasonable to employ extra help in solving this problem.

I would like to see this County erect a larger building that can handle the rising population of strays and unwanted dogs. It should also protect the dogs against all kinds of weather, and provide a fenced in area around the pound for easy access to the dogs in and out of the building. It should also have an office where the Dog Catcher can be reached to handle the complaints. More employees should be hired to help handle the office and complaints in the other areas of this County. Also, the Dog Catcher could sell these dogs and licenses to help pay for the cost of this project. Look at the way Allegany County runs it Dog Pound. Something ought to be done now to help our four-legged friends and to help provide better service to the people of this Community.

Mrs. James (Chandra Faye) Riggs

Dear Sir

Rev. W. H. Leake, Deer Park, advertisement, "Wake Up—It's Later Than You Think," is so true.

We, the voters and taxpayers, have lost control of our government. The country is in danger and jeopardy of collapse. The danger lies in use of the taxpayers' monies to support communist countries. We forget that the Chinese communists support the international drug traffic. What about the 100 million petrochemical plant that is going to Russia?

The Chinese have 900,000 acres under cultivation solely for narcotics. They have set out to get our money and destroy our entire generation. A country whose ideology is to push drugs to destroy another country, and wreck religion.

For the first time in 100 years we import more than our exports. With our national debt at $500 billion, it would take 171 years to print that amount of money. This is a time for American patriots to fight, so we can continue to live in freedom. Our time is running out!
